Dear Estonian Autosport Union,

Regarding the recent events at the 2023 Humus Paide Rally, let us, please, explain that as of 2023 Rally Commission of the Latvian Automobile Federation has engaged in a multi-year agreement with the distributor of "Pirelli" rally tyres "Black&Round", introducing a rule that only certain models of "Pirelli" tyres are permitted if the crew is to score Latvian Rally Championship classification points (see Article 3.1.1 of the 2023 Regulations).

Extract:

Competitors of groups LRC1-LRC7, who will participate in Latvian Rally championship classification, are allowed to use only following tires:

- *Producer: PIRELLI*
- *FIA BARCODE: vulcanized on both sides (outside and inside) of all tires.*
- *SIZE OF THE TIRES: 175/70R15; 185/70R15; 195/70R15*
- *MODEL: K6*

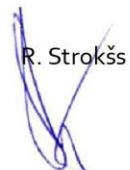

This rule becomes effective 1st May, 2023 and is effective during seasons of years 2023-2024-2025.

Such a decision was made in order to level competitive field and attract more crews to compete in the 2023 Latvian Rally Championship and years to come.

In case a competitor does not comply with these regulations, it has been decided, that the competitor may take part in the competition and receive event trophies (in case of a podium finish), but the crew will not score points in the Latvian Rally Championship classification.

Best regards,

LAF Rally Commission
Head of Council
