## Bulletin 7

SS3 / SS6

After further review the stage will be shortened. Road Book Reference 12, 5.75 miles will now be the flying finish. The Stop control will be at the next small junction, which is un-noted in the road book 0.27 miles past the flying finish. GPS coordinate for stop: 35.052184, -84.532123

Radio Points in Road Book

Due to an unexpected drop in radio volunteers, we will be reducing the number of mid stage radio marshals to one per stage.

SS1/SS4

Radio marshal will be moved from road book reference 3 to the horse trail on the right had side at milage 3.2 from the start control

SS2/SS5

The road book is correct

SS3/SS6

The newly shortened stage eliminates radio point at reference 13 so road book is correct

SS7/SS8

Reference 4 will not have a radio point

Reference 12 which is the spectator point that will have a radio marshal

CRO

No CRO will be present at this rally. Appendix 3 from the Supplementary Regulations is struck
