## Bulletin 8

SS2/5

Due to a deterioration of the transit between SS2 and SS3 extra time is being added to the target for SS2 & SS5. The target time for TC3 and TC6 will be changed from 0:40 to 0:50. To keep the end of the rally from pushing too far into the evening the target time for 7B Regroup OUT will be changed from 0:30 to 0:10.

Time cards will be corrected before competitors receive them.

Itinerary V3 will be posted after this bulletin with these changes.
