

EAST RIDING STAGES RALLY 2026

Competitor Bulletin Number 5 – Service Allocations

Issued on 19 February 2026 at 20:30hrs

Dear Competitor,

As we told you in Bulletin 1, there are two Service Parks in the Service Area, each of which will hold around half the competitors. This document shows who has been allocated to each Service Park.

Where you have requested to service together, you should all be shown in the same service park. If not, please explain the problem to the marshals when you arrive and they'll try and sort it out.

Please all access the Service Area using the college's main entrance initially, as that gives easier access to the trailer park. The Service Area will be well signposted.

Remember that each crew may use a space of up to 8m square, and no more. Competitors servicing together may combine their allocation however they prefer. The Service Area marshals have been told to report to the Clerk of the Course if any competitors are using more space than permitted, which may result in a penalty. Remember that your service crews are your responsibility.
