Topic: Overtaking Inquiry SS 6

To: Competitor 413 & Competitor 760

Re: Overtaking inquiry, SS 6

Based on the available RallySafe data, car 760 received an overtake request at 6.47 miles into SS 6. At the time car 413 was 158 meters behind 760. Multiple overtake requests were received, including 6.76mi at 110 m, 7.21 mi at 60 m, and 7.47 mi at 17 m. The first overtake request was received 4 miles from the finish of SS 6.

Competitor 413 is granted 20 seconds of scoring relief, with a new stage time of 14:42.5.

Competitor 760 has been determined to have failed to allow an overtake per RCR 5.17. Mitigating factors include the narrow stage road with exposure combined with the night time running of the stage making it difficult to determine a suitable location for passing. The Steward had directed the CoC, Under GCR 7.4a, to issue a verbal reprimand to competitor 760.
