# Máriapócs SPECIFICS –Tyre Cleaning

# Máriapócs SPECIFICS - Exit of the JOKER LAP

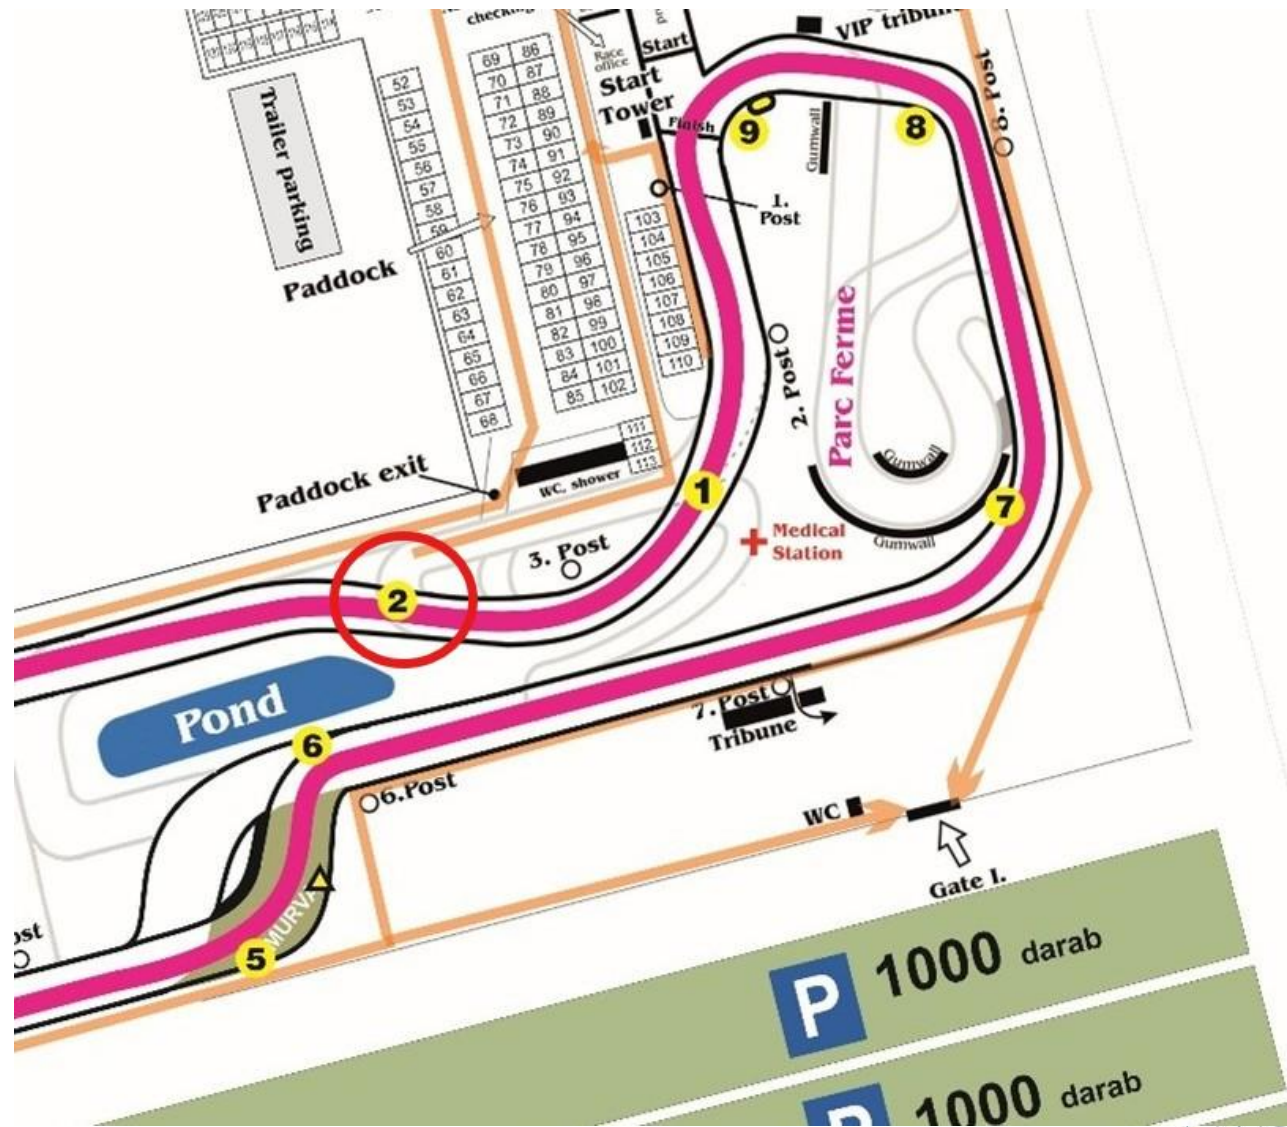

At the exit of the Joker Lap, the cars on the main track have priority. This is the rule.

The car on the main track must turn on the inside of this corner.

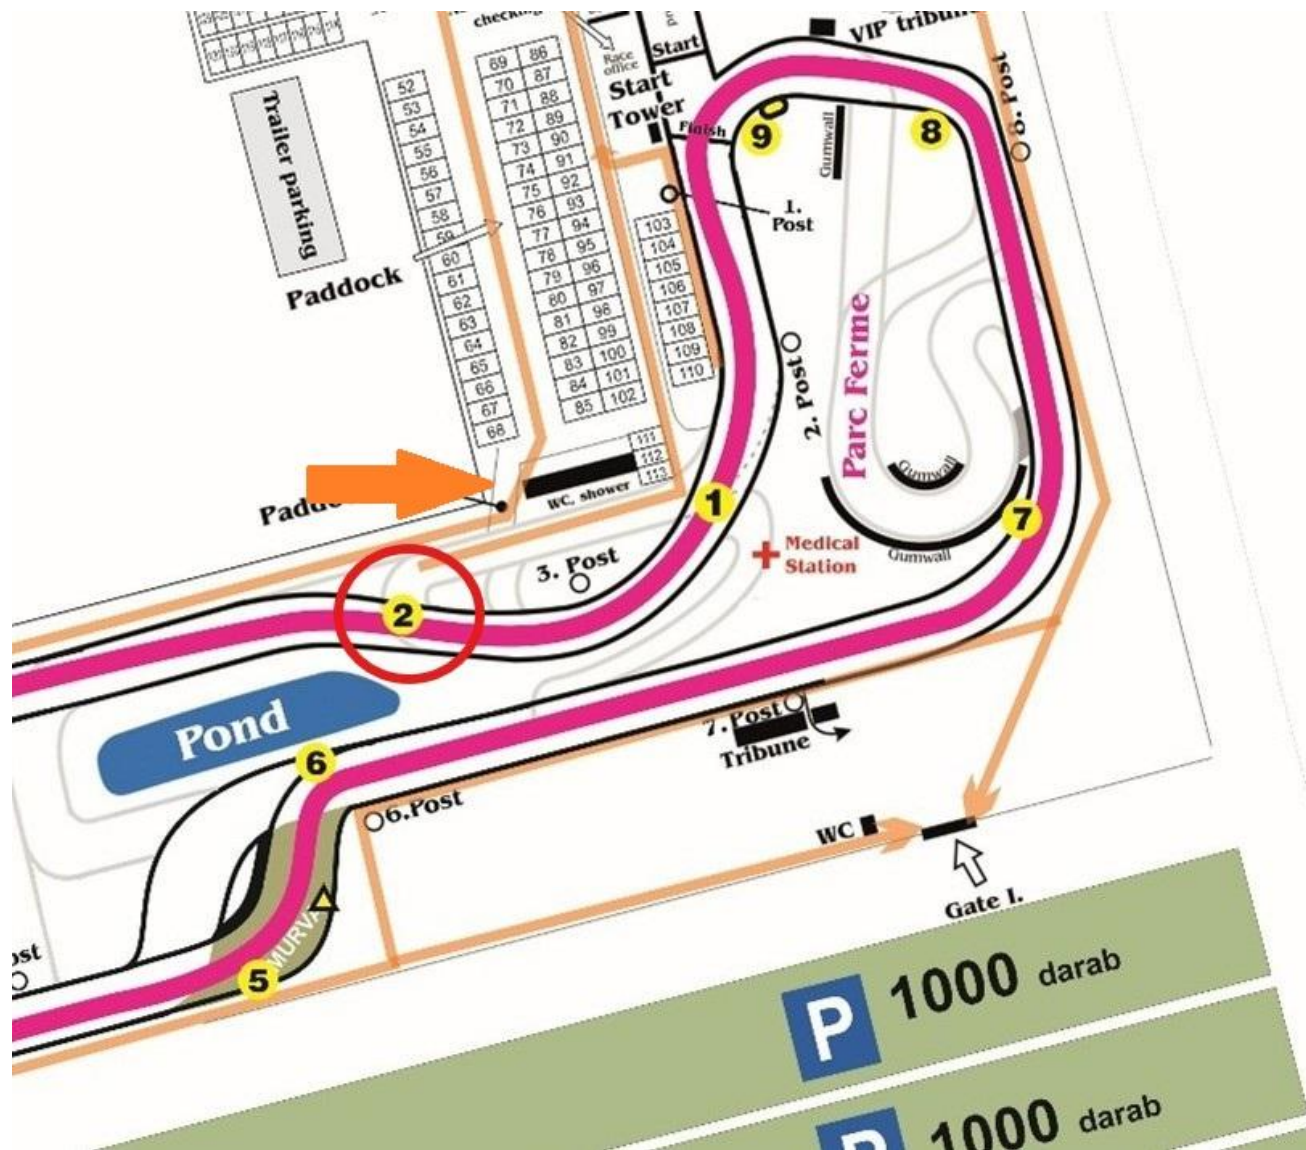

If you come together to the exit of the Joker lap the driver who comes from main track has to leave at least one car width between his own car and the edge of the track.
