Shakedown Stage Information

Competitors are advised that there are no time cards for the Shakedown stage. Teams are to approach and enter the ATC one at a time, a minute or more apart.

RallySafe tablets and consoles will be employed to manage the stage departure and time the stage finish.

Teams are allowed to follow the transit loop back to the ATC and complete extra passes.

Leg 1 Stage Road Conditions

The CoC plans to inspect the Leg 1 stages late Friday morning and publish a notice with the road conditions found during that inspection. It is expected that any recent snowfall will not be plowed.

The notice should be distributed no later than 13:00 Friday.
