Service Park Area (3.5 x 10 Metre Bay)	1

4.5. Payment

The entry fees is to be paid Digitally or Bank Transfer. The amount can be also deposited into the organisers bank account provided below.

- Account Name : Madras Motor Sports Club
- Account.no : 309002158642
- Bank Name : RBL Bank Ltd.
- Type : Savings Account
- Branch : T Nagar
- IFSC Code : RATN0000113
- Swift code : RATNINIBB

4.6. Refunds

Entry Fees will be refunded in full only:

- To Candidates whose entry has not been accepted.
- In the case of the Rally not taking place.

The Organizers may refund 50% of the entry fee to those competitors who, for reasons of "Force Majeure" (duly accepted by the organizing committee), were unable to start in the Rally.

5. INSURANCE

5.1. Description of Insurance Cover

Cover provided by FMSCI with permit:

Competitors holding valid FMSCI Licenses (maximum 250) connected with the event are covered under Group Insurance Policy for Personal Accident and medical expenses for Rs. 5,00,000/-.

100 Officials are covered for Rs 25,00,000/- Personal accident and Rs 1,00,000/- for medical expenses.

Public Liability: Insurance for Rs.50,00,000/-, which adequately covers any Liability incurred during the running of the event for injury to Third Persons or Damage to Public Property has been taken.

Additional Public Liability Insurance has been taken by the Organiser for Rs.50,00,000/-, with a maximum per person liability limit of Rs.15,00,000/- incurred during the running of the event for injury to Third Persons or Damage to Public Property at the MMRT.

NOTE: As per Indian Law & Regulations, the insurance companies are not allowed to cover foreign nationals whilst in India for racing purposes.

So, we highly recommend all the foreign nationals to take necessary insurance covers for car and crew during the event.

5.2. Accident Reporting

In case of an accident on special stage, the procedures set in 2023 FIA RRSR Article 53 should be applied. In the event of an accident the competitor or his representative must notify the next radio point if on a special stage OR the Clerk of the Course in writing as soon as possible or within 4 hours if during a transport / liaison section. He/ She must provide full details including the names and addresses of those involved and any witnesses.

- 5.3. The competing cars must possess Rally Cover Insurance valid from 17th to 19th March 2023.
- 5.4. The Service and Reconnaissance Vehicles, even those bearing Special Plates supplied by the Organisers may never be considered as Official Participants in the Rally. They are therefore not covered by the Insurance Policy of the Rally and will remain the sole responsibility of their owners.

6. ADVERTISING & IDENTIFICATION

- 6.1. Advertising is permitted on the car, including the roof. Advertising on windows is prohibited with the exception of a maximum 10 cm wide strip on the upper part of the windscreen and rear window.
- 6.2. Competitors are allowed to affix any kind of advertisements on their car provided that:
 - It is authorized by the National Laws and FMSCI Regulations.
 - It is not likely to cause any offense.
 - It is not Political or religious in nature.
 - It does not encroach upon the space reserved for plates & competition number.
- 6.3. Optional Advertising is as per Appendix 4

Space for the Organizer's advertisement must be reserved on the car, unless the higher entry fees as per Art. 4.4 are paid.

- 6.4. Advertising in Service Park Bay Area

Display of advertisements by teams & participants, in their respective Service Park Bay Area, must be confined to the inner walls of the Bay. Any advertising space other than the inner walls will need the prior permission of the organizer's and cost Rs.500/- per sq feet. Organizers shall have the discretion to refuse or cancel permission at any point in time.

6.5. The Organiser will provide each crew with the competition number identification, which must be affixed to their competing cars in the stated positions as per Appendix 4 prior to scrutineering.

6.6. The driver and co drivers name has to be affixed on the left and right rear side windows of the car. The first initial(s) and surname of the driver and the co-driver, as well as the national flags of the country of the ASN from which they have obtained their licences, must appear on the rear side window on both sides of the car, adjacent to the competition number. The names must be:

- In white Helvetica.
- In upper case for the initial(s) and first letter of each name with the remainder in lower case.
- 6 cm high and with a stroke width of 1 cm.

The driver's name shall be the upper name on both sides of the car.

7. TYRES

7.1. Tyres Specified for use during the rally.

Tyres shall confirm to 2023 FIA Regional Rally Sporting Regulations (APRC Art 13.1)

7.2. Tyres Specified for Reconnaissance

Tyres shall be as per 2023 FIA Regional Rally Sporting Regulations Art 35.2

7.3. National Laws and Special requirement

No Specific National requirement

8. FUELS

Fuel shall comply with the provisions of the FIA International Sporting Code, Appendix J Article 252.9

8.1. Ordering Procedure

Competitors have been requested to bring their own fuel complying with Appendix J Art 252.9

8.2. Closing Date of Ordering Fuel

Not Applicable

8.3. Refuelling

Refuelling is only allowed in Refuelling Zone (RZ). To refuel in the service park is forbidden at any time. To access a Refuelling Zone, all personnel involved in refuelling operations must wear clothing that provides adequate protection against fire and includes at least: long trousers, long-sleeved top, closed shoes, gloves and a balaclava. Environmental Mat in a Refuelling Zone (RZ). The organiser, will protect the ground with an Environmental Mat.

9. RECONNAISSANCE

9.1. Procedure for Registration

Thursday 16th March 2023 -Rally HQ MIC 09:00 hrs onwards registration for Recce will commence.

Thursday 16th March 2023 - 12:00 hrs onwards - Start of Recce.

The schedule of Recce is as per the Appendix 2 of the SR

NOTE: For Super Special Stages (SS1, SS2, SS3 & SS10) - the recce will run in convoy form behind the Course Car.

Crews must report to Rally Headquarters for registration prior to commencing reconnaissance. They must submit details of the reconnaissance car.

Each crew will be issued with two vehicle identification cards which must be displayed on the top of the co-driver's side of the front windscreen and on the co-driver's rear side window during reconnaissance, and a pass valid for up to TWO passages over each special stage. This pass must be carried in the reconnaissance vehicle, shown to and endorsed by an official at the start and finish of each special stage during reconnaissance.

9.2. Specific and /or National Restrictions

9.2.1. Reconnaissance must be carried out using series production vehicles in accordance with Article 35.1 of the 2023 FIA Regional Rally Sporting Regulations.

9.2.2. Reconnaissance outside the schedule will be considered a very serious offence and will be reported to the Stewards who may apply sanctions.

9.2.3. Reconnaissance will be conducted strictly in accordance with the published schedule.
No late entry into a stage for reconnaissance will be permitted.

9.2.4. Maximum speed allowed on all special stages during reconnaissance is 45 Kmph.

9.2.5. Crews must have the vehicle headlamps switched on while traveling on special stages during reconnaissance.

9.2.6. Crews are only permitted to enter a special stage from the start points shown in the road book and will NOT under any circumstances drive in a direction opposite to that of the rally, unless instructed by an official of the event.

9.2.7. Crews must stop at the Start and Finish (and other locations where instructed) of the stage where rally official will endorse the crew's reconnaissance pass card.

9.2.8. Penalties for excessive speed

The penalty for speeding during reconnaissance of the special stages and any road sections shall be in compliance with Article 34.2 of the 2023 FIA Regional Rally Championship

9.3. Location of Collection of Speed Control checking devices

Rally Secretariat – Hospitality Lounge, MIC

10. ADMINISTRATIVE CHECKS

10.1. To be presented at Documentation

- 1) Entrants License
- 2) Letter from respective ASNs for No Objection to participate in this event

11.2. Mud Flaps

Mud flaps which comply with Article 252.7.7 of Appendix J of the FIA International Sporting Code may be fitted to the competition cars. Missing or ineffective mud flap will incur a penalty @ Rs. 1000/- per mud flap.

11.3. Windows

The use of silvered or tinted films is authorized only on the rear side windows, the rear window and the sunroof in accordance with Article 253.11 of Appendix J of the FIA International Sporting Code.

11.4. Driver's Safety Equipment

The crew must wear homologated crash helmets, and required to wear safety clothing and equipment in compliance with Appendix L Chapter III of the FIA International Sporting Code and Appendix 5 of this SR.

11.5. Noise level

For safety reasons, on special stages, the possibility of bypassing the exhaust silencer is recommended, provided that the exit of the exhaust gases is in conformity with Appendix J and, for cars fitted with a catalytic converter, that the gases themselves pass through this catalytic converter. At any time on the road sections, the noise level must be in conformity with Appendix J Article 252-3.6.

11.6. Special National Requirement

Not Applicable

11.7. Installation of Safety Tracking System

Rally cars must report to the Pit no 5 at the Rally HQ MMRT 45 mins prior to their respective pre-event Scrutiny Time slot mentioned in the above Art 11 for fitting of Tracking System. Please refer Appendix 7 of this SR for technical details, fitment and requirements.

11.8. Installation of Safety Tracking System

Rally cars must report to the Pit no 5 at the Rally HQ MMRT 45 mins prior to their respective pre-event Scrutiny Time slot mentioned in the above Art 11 for fitting of Tracking System. Please refer Appendix 7 of this SR for technical details, fitment and requirements.

12. OTHER PROCEDURES

12.1. Ceremonial Start

Not scheduled for the South India Rally.

Rally Start

Friday, 17th March 2023 at 14:20 Hrs at Rally HQ, MIC.

- Start Parc Ferme will remain open from 14:00 Hrs to 14:30 Hrs.
- Any car reporting to the Start Parc Ferme outside the designated time will attract a penalty.
- Cars will be released at 2-minute intervals. Except for SS1 & SS2 for which cars will be released two-at-a-time, with 3-minute intervals.

12.2. Electronic Start Procedure

The electronic start procedure shall be clearly visible to the crew from the start line and may be displayed as a countdown clock and/or a sequential light system.

There must be a permanent start line and the jump start photocell should be 50 cm after the start line.

When the car arrives at the start line, the front of the car should be positioned behind a stick placed by the marshal to define the exact start position. Illustration appears in Appendix 8.

12.3. Finish Procedure

Rally will finish at TC 13. There after crews must follow the instructions of officials during the podium finish ceremony. Rest of the cars will report to Finish Parc Ferme and remain there till official final classification or instruction by Stewards of the meet.

While the cars are between Finish to Final Scrutineering location, they will travel under Parc Ferme regulations and will be observed by marshals.

12.4. Permitted early check-in

12.4.1. Crews may check in early without incurring any penalty at

- TC 2A - Overnight Parc Ferme
- TC 5C - Regroup 2 IN
- TC 7C - End of Leg 1
- TC 9C - Regroup 3 IN
- TC 11B - Finish PARC FERME

12.5. Super Special Stage procedure and Running order

SS1 & SS2 (West Paddock Super Special Stage)

- Cars will be released two-at-a-time to commence this Stage simultaneously. SS1 and SS2 are mixed stages - asphalt and gravel.

SS3 & SS10 (MIC Track Super Special Stage)

- Super-special stage will run on Asphalt surface in Madras International Circuit (MIC).
- Cars will start as per the start order of the cars published for Leg 1.

12.6. Special Procedures

- Drivers briefing is organised on Friday, 17th March 2023 at the Paddock Lounge, Rally HQ, MMRT at 13:30 hrs. Competitors / Crew members are required to attend the briefing. Failure to attend will be reported to the stewards.
- Time Cards will be issued/changed during the rally and will be issued at following controls 0, 2B, 5D, 7D & 9D.

12.7. Official Time used during the Rally

Official time to be used during the rally will be that of GPS time (GMT +5.30 Hrs). This will be given at the time of Driver's Briefing.

15. FINAL CHECKS

15.1. Sunday, 19th March 2023 at 15:00 Hrs at Scrutiny Bay, Rally HQ, MIC

Authorized representatives of the competitor to be present.

15.2. Protest Fees

15.2.1. The protest fee set by FIA is €1,000.00

In Compliance with Article 65.3 of the 2023 FIA Regional Rally Sporting Regulations, If the protest requires the dismantling and the reassembly of different parts of a car, the claimant must pay an additional deposit of Rs. 50,000

15.2.2. The expenses incurred for the work and by the transport of the car shall be borne by the claimant if the protest is unfounded, or by the competitor against whom the protest is lodged if it is upheld.

If the protest is unfounded, and if the expenses incurred by the protest (Scrutineering, transport, etc.) are higher than the amount of the deposit, the difference shall be borne by the claimant.

15.3. Appeal Fee

- Appeal Deposit Fees (APRC) – Rs 113,280 (incl of taxes).
- International Appeal Fee (FIA) – as per Article 65.4 of the 2023 FIA Regional Rally Sporting Regulations.

APPENDIX 2 – SCHEDULE OF RECONNAISSANCE

Thursday, 16th March 2023, 12:00 hrs at West Paddock, MIC.

SS No	SS Name	SS Distance (Kms)	Passing	Stage Times	
				Opens	Closes
1/2	WEST PADDOCK	1.55	1st	12:30	12:40
			2nd	12:45	12:55
4/6	AAVISA	18.17	1st	13:30	13:50
			2nd	14:10	14:30
5/7	TRACK	12.73	1st	15:20	15:40
			2nd	15:50	16:10

Friday, 17th March 2023, 07:30 hrs at Pit Lane, MIC.

3	SSS MIC	5.00	1st	07:30	07:40
			2nd	07:40	07:50
8/10	AAVISA REV	18.13	1st	08:25	08:45
			2nd	09:05	09:25
9/11	TRACK REV	12.68	1st	10:15	10:35
			2nd	10:40	11:00

Gravel Tyres are permitted on the stages.

- For Super Special Stage (SS1, SS2, SS3, & SS10) – the recce will run in a convoy behind the Course Car.
- APRC Cars will start first.
- Cars will Start every 10 seconds.
- The windows Open for the Stages require the Start Of 1st and 2nd pass to commence within the allotted time.
- All the reconnaissance regulations are required to be followed.
- Recce for SS3 & SS10 will be on Friday, 17th March 2023 at 07:30 hrs.

APPENDIX 3 – COMPETITOR RELATIONS OFFICERS

	
<p>INDIA Veena Ramachandran Mobile +91 9791197777 veenramachandran@outlook.com</p>	<p>INTERNATIONAL Prabha Shankar Mobile +91 9840288855 prabha@moma.ms</p>

will be present as per following times and locations

Thursday, 16th March 2023

09:00 – 17:00 Rally HQ, MIC

Friday, 17th March 2023

07:00 – 18:00 Rally HQ, MIC

13:30 – 14:00 at Drivers Briefing Meeting

14:00 – 15:00 Media Interaction, MIC

Saturday, 18th March 2023

07:00 – 19:30 Rally HQ/ Service Park, MIC

Sunday, 19th March 2023

07:30 – 14:00 Rally HQ / Service Park, MIC

14:00 – 16:00 Podium Finish at Rally HQ, MIC

16:00 – 18:30 Rally HQ, MIC

APPENDIX 4 COMPULSORY ADVERTISEMENT

- A4 TBA 30 cm X 15 cm (OPTIONAL)
- A5 TBA 30 cm X 15 cm (OPTIONAL)
- A6 TBA 30 cm X 10 cm (OPTIONAL)

APPENDIX 5 EXTRACTS FROM FIA APPENDIX L

FIA International Sporting Code:

1. Helmets

When the use of an FHR, according to Article 3 below, is mandatory, drivers competing on rally special stages, registered on the FIA Calendar, must wear crash helmets homologated to one of the following FIA standards:

- 8858-2002 or 8858-2010 (Technical List N°41),
- 8859 (Technical List N°49),
- 8860-2004 or 8860-2010 (Technical List N°33),
- 8860-2018 or 8860-2018-ABP (Technical List N°69)

No helmet shall be modified from its original specification as manufactured, except in compliance with instructions defined by the manufacturer. Accessories must be fitted in accordance with the helmet manufacturer instructions. Only accessories approved by the FIA shall be used. Any other modification or addition of non-approved accessories (helmet cameras, visors, etc.) will render the FIA helmet homologation void.

2. Flame-resistant clothing

On special stages of rallies, all drivers and co-drivers must wear overalls as well as gloves (optional for co-drivers), long underwear, a balaclava, socks and shoes homologated to the FIA 8856-2000 standard (Technical List N°27) or FIA 8856-2018 standard (Technical List No 74).

Embroidery sewn directly onto the overalls shall be stitched onto the outermost layer only, for better heat insulation. Backing material of badges and thread used for affixing them to the overalls must be flameproof.

Substances which may circulate in any cooling system worn by a driver are restricted to water, or air at atmospheric pressure. Water systems must not require the saturation of a garment in order to function.

3. Frontal Head Restraint (FHR)

The wearing of any device intended to protect the head or neck and attached to the helmet is prohibited, unless the device has been homologated according to the FIA 8858 standard.

Homologated FHR systems are listed in the FIA Technical List N° 29.

FHR systems must be worn only with FIA-approved items according to the following chart:

Helmet	Tether system (tether, tether end fitting and helmet anchorage)
FIA 8860 (Technical List No 33 & 69) FIA 8858 (Technical List No 41) FIA 8859 (Technical List No 49)	FIA 8858 (Technical List No 29)

4. Safety Belts

Drivers must be properly restrained in their seat by safety belts in conformity with the technical regulations for the vehicle concerned, at all times during a competition when it is mobile on a circuit, pit lane, special stage or competition course.

5. Wearing of jewelry

The wearing of jewelry in the form of body piercing or metal neck chains is prohibited during the competition and may therefore be checked before the start.

Nevertheless, it is highly advisable that Competitors review the Drivers' Equipment requirements and/or standards set in Appendix L, Chapter III of the 2023 FIA International Sporting Code.

APPENDIX 6 – ENTRY FORM (STANDARD)

Online form at the following link:

<https://forms.gle/5cPBZoyXsVhTffz26>

(strictly online only – organizer is unable to receive and accept entries not submitted online)

The above online form is to be duly completed, and submitted, prior to 17:00 Hrs, Thursday, 2nd March 2023.

APPENDIX 7 – SAFETY TRACKING SYSTEM

TrackRace Safety Tracking

About the System

TrackRace is a vehicle communication system that automatically transmits warnings and vehicle status data from car to Race Control as quickly as possible

The use of TrackRace for these events is based on their use of a reliable GSM network and GPS satellite network, the system's ability to relay status and location through efficiently.

Installation of the System

There is a detailed installation guide attached, here are some KEY items you should be aware of.

Installation Kit: The car installation kit has to be purchased one time by the competitor for the INRC season by contacting the TrackRace team. You will receive a kit that consists of the wiring loom, Console kit with buttons for SOS, OK and yellow flag. This needs to be installed in the car well in advance. The units provide screw mounting holes to mount if you want to prepare your car ahead of time and use a better mounting location.

FULL TIME Power: The units need to run full time power, not switched power. The power lead for the unit is about two metre long.

Unit Placement: The ideal location for the unit is in the centre of the car. **It is crucial that the unit is visible to the co-driver while on stage.**

Understanding the unit

It is important to understand that TrackRace does NOT replace the normal rally procedure. You must still display an OK sign if you're OK and you must still SEE an OK sign before continuing past a car stopped on stage. When you approach a car stopped on stage or your car is stopped on stage, here are the options you will see.

S.O.S. (Red – Toggle Switch): This means the crew is **NOT OK and needs help. YOU MUST STOP.** The SOS is automatically selected in a high energy impact. **If you are the first car to stop at a SOS and confirm it is a RED CROSS situation, manually upgrade to SOS status on your unit as well.** Continue following normal procedures and send information on to the next radio point. If you are stopped in stage and require immediate assistance activate the SOS button.

Hazard (Yellow – LED with Buzzer): This means there is a Hazard on the stage ahead. **This COULD mean the stage is completely blocked** and you may have to stop. This is the default status when a car stops on stage.

OK (Green – Momentary push switch): This means you are ok and the stage is clear for following cars to continue. Press and hold upto two seconds to confirm. The ok button can be used to acknowledge when a Hazard flag is received on the console.

Collecting/Returning the Tracker Units

The tracker units should be collected from TrackRace team by paying a security deposit during documentation or before scrutiny. We will collect back the tracker units at the end of the event. Please

be prepared to disconnect the power wires to the unit. The security deposit will be refunded when the unit is returned sealed and in working order.

TrackRace Car Installation Kit Components

The TrackRace Car Installation Kit includes:

- TrackRace Installation and Car Installation Kit Instruction Sheet;
- 12V wiring loom with plug and inline fuse
- Console kit having SOS, Hazard and OK switches and alert buzzers.

(Contents may not be identical to the picture shown)

(The TrackRace Tracker Unit is not a part of the Car Installation Kit and will be available at documentation or scrutiny)

12 Volt Power Supply (Please read this carefully)

TrackRace requires a continual reliable power supply from 9 to 24 volts DC, for your safety and continuity of service, it is imperative that the unit is connected to an un-switched supply on the battery positive terminal or the battery positive side of the isolation switch, insure that power is supplied to

the unit at all times. Do not use an ignition switched power supply. We recommend that a 5 amp (Max) blade type or similar quality fuse is used at the battery supply end of the TrackRace power lead. 0 volts or Battery negative can be picked up at any suitable earthing point providing the isolation switch does not switch the negative side of the battery.

The TrackRace unit has an internal battery that is kept charged via the cars power supply, it is only there as a reserve supply to power the unit in an accident situation where the cars power supply is interrupted. ie: car battery smashed or dislodged.

As the TrackRace unit is aware of movement and its location; it will automatically go into power save/sleep mode 15 minutes after no movement is detected, however, the unit will continue to function is when it is sending Hazard type signals while on stage. The unit will be "woken" up by pressing any button or by movement of the car.

Connection Diagram.

Photo of Connections and Terminals

A minimum of 100mm of TrackRace Power Supply Cable and Console cable should be left at the unit mounting location for connection to the unit.

Unit Mounting

The preferred mounting method for the TrackRace Console unit is bolted through the dash (with a 3mm aluminium backing plate), in a protected central location, easily seen and accessible by both the driver and co-driver/nav. Photographs of the best mounting options and positioning are below. An alternative mounting method for the TrackRace Console unit is on the roll cage.

The TrackRace Tracking unit should be mounted in center of the dashboard towards the windshield with wires preferably coming from the left side of the dashboard.

These photos are an example of Preferred Method, Dash Board positioning.
