Time: **14h:30 hrs**

Subject: **STEWARDS DECISION NO. 2**

Document No: **4.2**

From: *The Stewards*

To: *Competitor N° 11 LANSIAUX Frédéric*

Crew: LANSIAUX Frédéric / BUHOT Nicolas

All concerned

The Stewards, having received a report from the Technical Delegate, have considered the following matter and determine the following:

Facts: Car #11 was installed with the specific device approved by FIA in order to calculate the performance index , but no consumption data is being obtained for establishing the combined classification.

Offence: Breach of Article 2 of the 2024 FIA Eco Rally Cup Sporting regulations.

Decision: Do not include car #11 in the combined classification of the FIA Eco Rally cup. Car #11 will be included in the regularity classification of the event.

Reason: Only vehicles compatible with the measurement system(s) proposed by the FIA will be allowed to take part in the Cup. After technical analysis of the possibilities to receive the said data during leg 3, the Technical Delegate reported that no data were received from car #11 or was in a format that is not compatible with the technical system. Having examined the report of the Technical Delegate, the Stewards conclude that the technicians cannot receive the data from the car, therefore they cannot calculate consumption or establish the FIA performance Index classification. In accordance with article 2 of the 2024 FIA Eco Rally cup sporting regulations, the Stewards decided not include #11 in the classifications of the FIA competition.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the 2023 International Sporting Code and Chapter 4 of the FIA Judicial and Disciplinary rules, within the applicable limits.
