The Stewards, having received a report with photo evidence included from the FIA Technical Delegate (Doc 6.5), summoned and heard the Team representatives, have considered the following matter, determine the following:

**Fact:** Driver of the Car No 27 used a mobile phone during the refuelling procedure

**Offence:** Breach of Art. 12.2.1.i FIA ISC 2023

**Decision:** Reprimand to the driver

**Reason:** The Stewards, having received a report with photo evidence included from the FIA Technical Delegate, summoned and heard the Team representative Valentina CONSTANTIN, Team Chief Milan Ungvarszki, Team mechanic Tamas BORI.

A representative of the team Valentina CONSTANTIN said that the pilot is very sorry for this situation, he was aware of it but technical breakdown pushed him to act this way. During the previous stage there was a problem with the fuel level sensor, considering the fact that the fuel tank was replaced by a smaller one, the Driver had to make mathematical calculations about the necessary amount of fuel to refuel during refuelling. The phone was not used for calling, but for calculation.

During deliberation Stewards concluded that this act goes in controversy with the installed sign at the Refuel Area which declares prohibition of usage of mobile phones.

The rules relating to the refuelling procedure are of great importance from a safety point of view.

Due to the fact that the team representative assured the Stewards that the driver clearly understands the requirements and did not commit this action with malicious intent, the fact that he is sorry about it, the Stewards decided to impose a Reprimand.

The decision is based on Art. 11.9.1, Art. 11.9.3.a and 12.4.1.b of the FIA ISC 2023.

Competitors are reminded of their right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code and Chapter 4 of the FIA Judicial and Disciplinary Rules, within the applicable time limits.
