KIELDER FOREST RALLY 2024

1. Welcome

Welcome to the 2024 Kielder Forest Rally.

2. Accident & Safety Procedure (Motorsport UK Regulation R25.4)

There is a lack of mobile coverage on large parts of the stages so in addition to the Sportstraxx Trackers we are using "Positive Tracking" through a dedicated radio network. This works by reporting the start order of competitors into a special stage and an alert is raised by radio operators located throughout the stage should a car not appear in the 'correct' order.

In the first instance, press the appropriate button on your tracker. HOWEVER, AS YOU CANNOT DEPEND ON THE TRACKING SIGNAL, YOU MUST ALSO REPORT TO THE NEAREST SAFETY RADIO OPERATOR marked in the Road Book.

Here is a reminder you of your obligations under this "old school" way of tracking;

If you stop in a Special Stage, either through mechanical breakdown or accident, you MUST either;

A - (If you are okay)

- Display your "OK" board to ALL following competitors.
- Place your warning triangle (even if your car is off the track) in a conspicuous position at least 100m prior to your location, as soon as practical.
- Whilst it is unlikely that you will have mobile coverage, please check!! If you have, telephone Rally Control on 07790 340952. (Tel. number is on the footer of every page in this Road book)
- Report your situation and location to the nearest Radio Marshal. The location of mandatory radio crews is marked in the road book. However, additional radio crews may be located at other junctions and it is recommended that you make your way to the nearest junction to your location.

Or

B - (If you are in need of urgent medical assistance)

- Display your "SOS" board to ALL following competitors.
- ALL following competitors MUST stop when they see your "SOS" board. The first competitor should give assistance, the second competitor should ascertain the situation and location and must report to the next radio point. Subsequent competitors must leave a clear route for emergency vehicles.

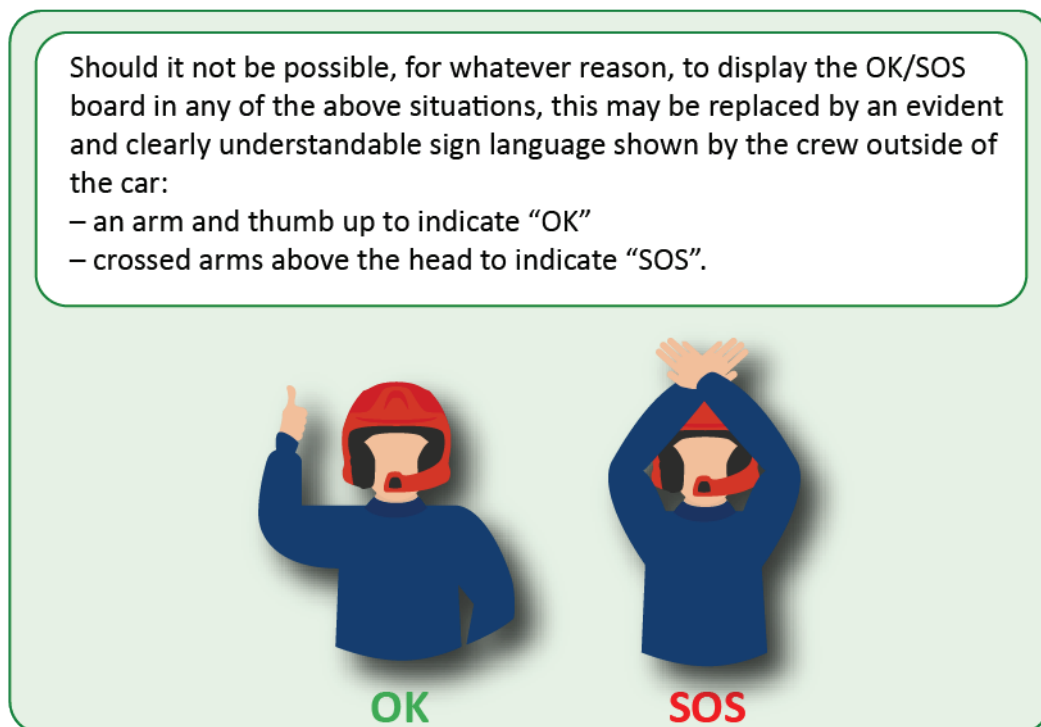

Remember; Positive Radio Tracking will have reported any competitor not running in the

start order for that stage. Marshals and radio crews will be looking for you, should you have stopped in stage.

If you are on a stage and see a major accident where both crew members are still in the car but not displaying the SOS or OK board, you **MUST** stop to give assistance. (Treat the situation as if you have seen an SOS board displayed).

All competitors are required to carry an A4-size OK/SOS board and a Red Warning Triangle.

You are reminded that information given to Marshals or Officials regarding the display of an OK/SOS board must always be **FACTUAL** and **ACCURATE**. No information is better than false or inaccurate information. Please only report what you have actually seen; if you did not see anything, say so.

3. Red Flag Procedure

If a serious incident occurs which requires urgent medical assistance, a “Red Flag” system will be implemented. This will be in operation on all stages. This gives competitors advance warning that there is a serious incident ahead and allows Rally Control to release the Rescue/Doctor unit from the Start or Mid-point to attend the incident whilst the stage still has competitors on it.

A Red flag will only be displayed by a Marshal, wearing a marshals tabard, at mandatory radio locations (Motorsport UK R29.5) which are marked in the Road Book (📶) and by boards on the stage.

If you are shown a Red Flag you **MUST**;

- Immediately and significantly reduce speed.
- Be prepared to stop at any time.
- Not overtake any safety vehicle you encounter on the stage.

- Follow the instructions of any marshals/stage safety personnel.
- Maintain a reduced speed until leaving the stage.

Failure to comply will incur a penalty at the discretion of the Clerk of the Course.

If you are shown a Red Flag you will be given a notional time as stipulated in Motorsport UK R24.5, R24.5.1, R24.5.2.

Due to the obvious safety implications of the OK/SOS board protocols and the Red Flag procedure, it is essential that both driver and navigator are fully aware of what to do if these situations are encountered.

4. First Competitor on Scene

If the competitor is still in the vehicle and the vehicle is on fire GET THEM OUT IMMEDIATELY.

If the competitor is still in the vehicle, is responsive and there is no risk of fire:

- Approach from the front, look them in the eyes
- Do they seem aware of their surroundings?
- Speak to them, ask their name - do they respond?
- Any pain, loss of feeling - if yes keep them where they are!
- Keep them calm and keep them talking.
- DO NOT MOVE THEM UNTIL PROFESSIONAL HELP ARRIVES.
- Do nothing else

If the competitor is still in the vehicle, is unresponsive and there is no risk of fire:

- Stop any life-threatening bleeding by applying direct pressure/ plugging the wound
- Ensure an open airway
- Immobilise the head and c-spine (neck)
- Check if they are breathing
- Treat any non-life-threatening bleeding

DO NOT REMOVE THEIR HELMET UNLESS THERE IS NO OTHER WAY TO ENSURE AN OPEN AIRWAY.

If the competitor is out of the vehicle:

- Do not grab hold of them - they might be unaware of what is happening and become combative.
- Guide them to a place of safety away from the incident and other competitors.
- Speak to them, ask if they are OK?
- Keep someone with them.
- Once in a safe place, assess them for injuries:
 - Are they aware of their surroundings?
 - Any signs of injury / are they experiencing pain?
 - DO NOT LET THEM WANDER AROUND, BUT KEEP THEM UNDER OBSERVATION

Afterwards please write a short report for the organisers and either hand it to the first control official that you reach or to the Competitor Relations Officer. This report should cover the facts as you know them and include times of the incident starting and when you left the scene; always include your own details so that the organisers can, if necessary, contact you.

5. Road Book

This Road Book contains the complete route information for the rally.

Not all junctions have been included in this road book. Where there is no instruction given continue along the road on which you are travelling. Names and signposts were those displayed at the time of route survey and the organisers will not accept any liability for subsequent changes.

6. Driving Standards

Kielder is in a PR sensitive area. Please help us to maintain the good reputation and relations that we have developed over many years. Competitors and their associated crews must act in a responsible manner on the road and treat other road users and local residents with respect. For this reason we will take an extremely serious view of any breaches of these regulations

7. Service

There is one service halt of 60 minutes between Stage 3 and Stage 4. Two categories of vehicle will be allowed into the service area;

- Competitors
- Service vehicles

There will be no Auxiliary Service or Management cars allowed on the event

ANYONE FOUND CONTRAVENING ANY OF THE ABOVE POINTS

MIGHT FACE DISQUALIFICATION!

8. Retirements

If you retire please phone Rally HQ. Then sign your damage declaration (part of Time Card 8) and remove your tracker from your windscreen and have them ready to hand to the Sweeper car. If you have retired but are still mobile hand your Damage Declaration and Tracker in at Rally HQ.

9. Timing

Competitors are reminded that maximum permitted lateness between MTC's is 15 minutes. MTC's are situated at the Start and the Finish of the event.

10. Results Queries

Any results queries should be made in writing on the form provided at the back of this road book and handed to the CLO Graham Hall (07909 045557). The reply will be posted on the official notice board, please remember that a query is not a protest or appeal.

11. Chicanes

There will be three chicanes, two on SS 1 & 4 Post 6 & 7 and one on SS 2 & 5 at Post 14 these

have been added for safety.

12.Recovery

Competitors who have retired will be recovered as soon as practicable to one of the 6 Rendezvous Points.
