8. MUSIC / PLANNED PROGRAM CONTENT

In accordance with Rule 805 in the Sports Rules Synchronized Skating 2026, the following method to submit the Competitor's music to the Organizing Committee must be followed:

- the ISU Member is responsible for submitting their Competitor's music as a direct attachment to an email to the Organizing Committee (music@mozartcup.com) with a reference **"Mozartcup"** until **4.12.2026**.

Please note: some music files might exceed the size of a regular email. In this case, an email-based transfer service that allows sending large files could be used to send the file to the OC.

- each submission shall be labelled with the name of the ISU Member, name of the category, segment, and the name(s) of the Team:

Example:

GER_Synchro12-16_SP_Team XXX

GER_Synchro12-16_FS_Team XXX

SUI_Junior Sychro12-16_SP_Team XXX

- the music files must be sent as **WAV or MP3** file formats. Any other format is not acceptable.
Please note: Files in MP3 format may have a significant difference in the music quality when reproduced. The Organizing Committee in this case is not responsible if the music quality is insufficient.
- Each Team must have their own backup drive (USB Stick) for each program in the format of a WAV or MP3 file.
- The exact running time of the music (not skating time) must be communicated to the Organizing Committee when submitting the music and shall be certified by the Team/Team Manager/Team Leader at the time of registration.
- During the 1st Official Practice, the music will be played as indicated in the Practice Schedule and will allow to verify the correctness of the submitted music. If there is an issue with the music, the Team Leader/Team Manager may be allowed to change the music by presenting an acceptable reproduction to the Organizing Committee's Music Team (USB Stick with file format of WAV or MP3 file).

If the music files have been submitted within the above-mentioned deadline to the Organizing Committee, then the music team of the Organizing Committee is entirely responsible for the correct execution of the music. In case of issues with submitted music files, the Organizing Committee may request, at the time of registration a secondary copy of the music files. In case the music files have not been submitted in time to the Organizing Committee, the Team(s) must present their music latest at the time of registration on the above-defined means and in the defined format.

ISU Members/Teams are reminded that, in order for them to use music to accompany their routines, the following 'Music Accompaniment' rights/ licenses are required:

- the right to edit or adapt music into a mix, if more than one song is being used.
- the right to set choreography to the music, often referred to as a 'Grand Right', which is the right to perform musical compositions and recordings within the context of a "dramatic work" or choreography.
- the right to create any copies of the music that may be needed for training and competition purposes, also known as the 'mechanical rights'.

In order for music to be fully cleared for these uses, these rights need to be cleared for every track used in each mix that contains a license (backed by a warranty and legal indemnity) for appropriate territory(s) that covers both the master rights of the recording artist and the publishing rights of each writer and composer of the track.

There are several ways in which ISU Members and their Skaters can legally use or create a music mix to accompany their routine/performance:

1. For easy compliance with the above-mentioned requirements, it is recommended to use commercially released or production music which has been pre-cleared, such as from ClicknClear.com.
2. Use completely original music (specially commissioned) written and/or recorded by a AI, composer and/or artist. If you do this, please ensure you have contractually obtained the relevant rights required. ClicknClear's License Verification System has an online form that your composer/artist can use to confirm the rights they have granted you.
3. Use music out of copyright (otherwise known as music in the public domain). To be noted that the duration of copyright varies in each country, so ISU Members **MUST** check their local copyright law.
4. Secure a license directly from the owners of the music that the Skaters would like to use. In some cases, ClicknClear may be able to assist in the clearance of music not currently available on the ClicknClear platform. However, please note this route may be significantly more expensive, may take significant time, and there is no guarantee of a positive outcome.

The titles, composers and orchestras of the music to be used for the Short Program and Free Skating Program must all be entered, in detail, by the ISU Member or the Team(s) on the dedicated ISU platform.

If music information is not complete and/or the music is not provided, accreditation will not be given.

The Planned Program Content must also be entered by the ISU Member or the Team(s) on the dedicated ISU platform. It is mandatory that the Program Content information be filled in precisely by each Team in English using the terminology for the elements listed in the respective ISU Communication.
