

TYRES

New tyre rules have been introduced by Motorsport UK for 2024.

“The maximum number allowed will not exceed 10 tyres (unsealed surfaces) for rallies up to 45 planned competitive miles.”

Each competitor must;

At the beginning of the event, record on the following page what tyres have been placed on the vehicle (manufacturer and type) including any spares.

At the next Service, record any changes in the correct columns, paying close attention to the quantity of tyres you have used. Should you not change the tyres and proceed onto the next loop without changing your tyres, you do not have to fill anything in.

If, at any time, the Scrutineers request to see your Tyre Declaration form, you must surrender your form to them in order to facilitate a spot check.

At the conclusion of the Event, please hand in your Tyre Declaration form along with your Damage Declaration.
