Emergency Response Plan

Olympic Oval

- Fire Alarm
- Ammonia Alarm
- Injury Procedure
- Power Outage
- Theft
- Lost Parent/Child

- When the building goes into alarm, white strobe lights will flash and a loud audible alarm will sound.
- There will be clear and concise instructions given over the loudspeakers by the alarm.
- Follow the instructions given.
- If on the ice, you must immediately stop all activity and prepare to evacuate. Gather in one of the marked areas on the illustration below, ready to evacuate, and wait for instructions from the Operations team. ☒
- Always evacuate immediately if smoke or flames are visible
- Evacuation points directly outside are located at the north and south end of the stands. And at the north-east and south-east sections of the stands. ☒

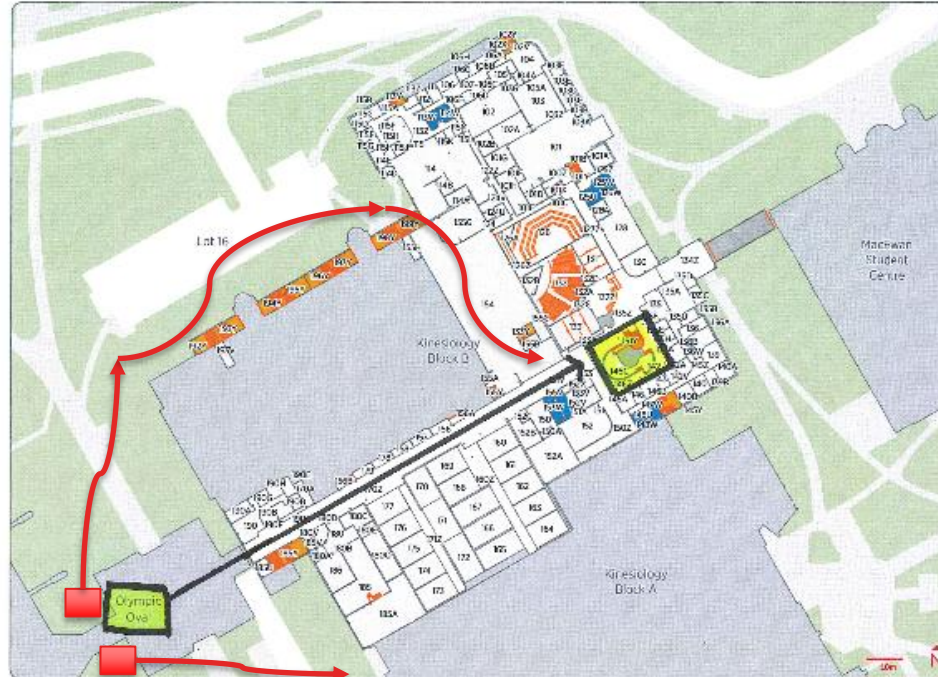

Note:

Access outside to
KNB via north & south
patio exits near admin
Offices and lounge.

From basement via north
& south side stairs at end
of change room hallways.

Kinesiology Block B (KNB) - Floor 01

Stages

STAGE 1

- Blue flashing lights on the west side of the building.
- Ammonia has been detected but not at a serious level.
- Sr Warden or Operations will contact Life Safety and Campus Security

STAGE 2

- The fire alarm will activate. White strobe lights and the audible alarm.
- Ammonia level is serious enough to require building evacuation.
- Evacuate immediately. ALWAYS evacuate to the EAST side of the building. The Oval reception and main entrance doors are on the east side of the Oval.

- If a trainer or EMT is onsite they will be the first responder; Operations will assist.
- If no trainer or EMT contact Operations through in-house radio (located North rink timing deck, South rink timer's bench or North-East corner of the Oval by the timing deck stairs.
- **CALL 911 DIRECTLY IF LIFE THREATENING.** Operations needs to be made aware: this will reduce response time.
- AED's are available on the 3rd level beside the elevator and basement level adjacent to the skate shop (beside room 30). Operations staff also have an AED in their first aid kit.
- Operations is always required to fill out an accident report which is inputted into OARS (online accident reporting system).
- **Oval staff CANNOT DRIVE INJURED PERSONS TO THE HOSPITAL.**

- There is emergency lighting in all areas of the Oval including dressing rooms and the tunnel. Stay calm if the power goes out; emergency lighting comes on a few seconds after power goes out.
- Suspend all activity and clear activity surfaces.
- For longer expected power outages Operations staff will instruct athletes/public /staff to evacuate to Kinesiology.

- Secure your belongings to prevent thefts.
- If something is stolen, stay calm.
- Contact Operations or Guest Services immediately.
- Campus Security will be called to file a report.
- Oval staff and Campus Security are there to help you
- Campus Security Contact: 403-220-5333

Lost Parent

1. Bring child to Guest Relations Reception (front desk).
2. Oval reception will ask for phone number of parent or guardian.
3. They will use PA system to ask the parent or guardian to report to Guest Relations (front desk)
4. Inform Guest Relations if parent/guardian has been located.

Lost Child

1. Report lost child to Guest Relations Reception (front desk).
2. All staff will be informed that there is a missing child.
3. Oval staff will commence Missing Child Procedure.
4. Major entrances/exits will be monitored and if required Campus Security and/or Calgary Police Service will be contacted.
