

Road Book

This book contains all the information required to successfully complete the 2024 Manx Rally, the following notes provide general information about the running of the event and supplement the information contained in the supplementary regulations and final instructions.

The road route is indicated by tulip diagrams, this route is compulsory. Some junctions will be arrowed to assist navigation in tricky or deceptive places, please be aware that these arrows may be altered on the day, therefore reference should always be made to the road book.

Competitor Safety Information

First Competitor on Scene

If the competitor is still in the vehicle and the vehicle is on fire **GET THEM OUT IMMEDIATELY.**

If the competitor is still in the vehicle, is responsive and there is no risk of fire:

- Approach from the front, look them in the eyes
- Do they seem aware of their surroundings?
- Speak to them, ask their name - do they respond?
- Any pain, loss of feeling - if yes keep them where they are!
- Keep them calm and keep them talking.
- **DO NOT MOVE THEM UNTIL PROFESSIONAL HELP ARRIVES.**
- Do nothing else

If the competitor is still in the vehicle, is unresponsive and there is no risk of fire:

- Stop any life threatening bleeding by applying direct pressure/ plugging the wound
- Ensure an open airway
- Immobilise the head and c-spine (neck)
- Check if they are breathing
- Treat any non-life threatening bleeding

DO NOT REMOVE THEIR HELMET UNLESS THERE IS NO OTHER WAY TO ENSURE AN OPEN AIRWAY.

If the competitor is out of the vehicle:

- Do not grab hold of them - they might be unaware of what is happening and become combative.
- Guide them to a place of safety away from the incident and other competitors.
- Speak to them, ask if they are OK?
- Keep someone with them.
- Once in a safe place, assess them for injuries:

- Are they aware of their surroundings?
- Any signs of injury / are they experiencing pain?
- **DO NOT LET THEM WANDER AROUND, BUT KEEP THEM UNDER OBSERVATION**

Afterwards please write a short report for the organisers and either hand it to the first control official that you reach or to the Competitor Relations Officer. This report should cover the facts as you know them and include times of the incident starting and when you left the scene; always include your own details so that the organisers can, if necessary, contact you.

SAFETY & ACCIDENT PROCEDURE

Competitors must carry an A4-size white board with a red SOS on one side and black OK on the other (letters to be a minimum of 12cm high with a minimum stroke width of 1.5cm), with means to secure them on display for oncoming Competitors.

In the case of an accident where urgent medical attention is required, the following applies:

- The SOS display on the safety tracking device (if fitted) must be activated as soon as possible.
- The red “SOS” sign must be displayed as quickly as possible to alert following cars and aid any aircraft attempting to assist.
- The Emergency Red Warning Triangle must be placed at least 100m down the stage, appropriate to the approaching speed of following competitors to provide a visible advanced warning.

Any crew that sees a red SOS sign displayed on a car, or sees a major accident where both crew members are inside the car but not displaying the SOS sign, must immediately and without exception stop to give assistance. Where present the crew must operate the SOS function on the Tracking Console in their own vehicle and that of the crashed vehicle where accessible. All following cars must also stop and the second car arriving at the scene must inform the next radio point. Subsequent cars must leave a clear route for emergency vehicles. All crews stopping under this procedure will be allocated a time.

In the case of an incident where immediate medical intervention is not required, or of a car stopping for any other reason on or beside a special stage, whether temporarily or permanently, the following applies:

- The OK display on the safety tracking device (if fitted) must be activated within one minute.
- The green “OK” sign must immediately be displayed to the following cars and to any aircraft attempting to assist. If the crew leaves the vehicle, the “OK” sign must be displayed so that it is clearly visible to all the other competitors.

- The Emergency Red Warning Triangle must be placed at least 100m down the stage, appropriate to the approaching speed of following competitors to provide a visible advanced warning.

Any crew failing to comply will be Disqualified following a Judicial Hearing pursuant to Section C and reported to the ASN.

Competitors who misuse the SOS or OK signs will be penalised and may be reported to Motorsport UK for further action.

Where a Tracking System is being used, a competitor encountering a hazard other than described in R25.4.2. must operate the Hazard function on the Tracking Console and await further instructions from officials.

Competitors who misuse the Hazard function will be Disqualified following a Judicial Hearing pursuant to Section C and reported to the ASN for further action.

A 'hazard' is defined as any situation or incident on a Special Stage which is considered to be creating a safety issue that affects the safe passage of Competitors through that Stage.

The location of safety radios are indicated in the Road Book and by boards on the stage. A yellow radio board will be 100m prior to the radio point and a blue radio board at the radio location. There will always be a radio at the stage start and stage finish.

Red Flag Procedure

On passing a Red Flag displayed by a marshal wearing a marshals' tabard, the driver **MUST** immediately and significantly reduce speed as well as being prepared to stop at any time; at no time must they overtake any safety vehicle they encounter on the special stage route. The driver must then follow the instructions of any marshals and/or stage safety personnel and maintain this reduced speed until leaving the special stage.

Failure to comply with this rule will incur a penalty at the discretion of the Clerk of the Course.

COMPETITOR INFORMATION

Special Stage Signs

All special stages will be laid out in accordance with the Motorsport UK General Regulations, please note that signs or arrows may not always be visible on the stage, therefore competitors should always refer to the information provided in the tulip diagrams.

Recovery

A recovery vehicle will pass through each stage to extricate competitors after the course closing car has passed; depending on available time, stages being run twice may not be cleared until after the second use. Competitors must not leave the stage without permission of the stage commander.

Driving Standards

The organisers ask all competitors to drive carefully on road sections to minimise inconvenience to other road users, ample time has been allowed for road sections. Driving Standards Observers will be on patrol and Police speed traps may be in operation.

Retirement

If you are unfortunate enough to retire, please submit your damage declaration form either via the next time control or directly to the course car or Rally HQ. Please phone Rally HQ (Number in final instructions) as soon as possible.

Tyre Limits Declaration

So as to ensure no Competitors are excluded from competing by the application of a Tyre Limit, this system is designed to be an all encompassing and as simple as possible. However, the onus is on the Competitor to ensure that their Tyre Declaration form is completed at all times. The form is available at the back of this road book and must be an accurate representation of what is on your vehicle.

Below is some scenario-based logic to assist with completing this process:

- At the beginning of the event, record what tyres you have placed on the vehicle, including any spares.
- At the next Service, record any changes in the correct columns, paying close attention to the quantity of tyres you have used.
- Should you not change the tyres and proceed onto the next loop without changing your tyres, you do not have to fill anything in.
- If the Clerk of the Course, together with the Event Stewards, declare that the tyre allowance has been suspended in accordance with R48.5.11, you no longer have to fill in the form.

If, at any time, the Scrutineers request to see your Tyre Declaration form, please surrender your form to them in order to facilitate a spot check. At the conclusion of the Event, please hand in your Tyre Declaration form with your damage declaration.
