

# 2024 Oregon Trail Rally

## Recce Instructions

### Recce Times

Recce for all stage roads except for the Portland International Raceway and Maryhill stages will take place on Thursday, 16 May from 07:00 until 19:00. Teams must be off of all of these stage roads by 19:00.

Recce of the Maryhill stage road will also take place on Thursday, 16 May but the time window will be announced via Bulletin later.

Recce of the Portland International Raceway stages will be available through parade laps that take place on Friday, 17 May not long before Parc Expose.

This document may refer to the stages run on Saturday as the Klickitat County (or Goldendale) stages and the ones run on Sunday as the Wasco County (or Dufur) stages.

### Recce Rules

During recce, teams participating in recce will:

- a) comply with ARA RCR 1.2.1, including driving stage roads in the stage direction only
- b) not exceed the posted speed, or 30 mph, if not posted
- c) be alert to the possibility of oncoming traffic at ANY time
- d) not do anything during recce that would reflect poorly on rally
- e) comply with ARA Bulletin 2024-4 and use the RS Lite smartphone app during recce
- f) not enter any of the No-Go Zones described below
- g) display the recce decal provided at check-in on the front windshield of the recce vehicle with their car number clearly visible

### Recce Route

There is no defined recce route. Teams plan their own recce route. To reduce impact on local residents, it is preferred that recce be limited to two passes of each stage.

Take care when using Google Maps or other navigation tools to find routes between stages different from what is described below. Many of these services use different names for roads and provide inaccurate directions via roads that once existed, roads that were once open but now have gates, or roads that go through private property.

### Recce Notes

Gas stations, convenience stores, and fast food may be found in Goldendale, WA and The Dalles, OR. Aside from the gas station and store near the junction of WA-14 and US-97, there are no services on WA-14 on the transits to the Dalles Mtn. Up stage roads. There is a gas station in Dufur that will be open during recce.

Mobile phone coverage on the Klickitat Co. stage roads is generally good with the major carriers but can be spotty in places. On the Wasco Co. stage roads, T-Mobile coverage is poor (with some exceptions), but coverage with the others is reportedly good but spotty in places.

Be extra kind to and cautious around local resident traffic when on recce. You may encounter school buses in the morning and afternoon especially on Oak Flat but also on Dalles Mtn and Boyd Loop.

#### *Sunrise/Sunset*

On Recce day, sunrise will be at 05:27 and sunset will be at 20:31.

## **Stage Notes**

### ***Klickitat County, WA (Northern/Saturday/Goldendale) Stages***

#### **Dalles Mountain Down**

The route of the Dalles Mountain Down stage road is the same as the Dalles Mountain Down stage used in the 2021 Oregon Trail Rally. The stage surface is gravel. There will be two-way recce traffic on this stage road.

#### **Dalles Mountain Up**

The route of the Dalles Mountain Up stage is the same as the Dalles Mountain Up stage used in the 2023 Oregon Trail Rally. The stage surface is gravel. There will be two-way recce traffic on this stage road.

#### **Maryhill Up**

The route of Maryhill Up stage is the same as the Maryhill stage used in previously years, most recently in the 2023 Oregon Trail Rally. It is a private road. The stage surface is tarmac and there will be a number of anti-corner cutting devices placed on that stage road.

Note: When exiting this stage during recce, use care when turning onto US-97 South.

#### **Oak Flat Reverse**

The route of the Oak Flat Reverse stage is the same as the Oak Flat Reverse stage used in previously years, most recently in the 2023 Oregon Trail Rally. It follows Oak Flat Road, starting near Bickleton Hwy and finishing near where it intersects with Hoctor Road. The stage surface is mostly gravel with some tarmac.

There are many residences along this road, so please watch your speed to limit dust and be extra nice to anyone you come across.

### ***Wasco County, OR (Southern/Sunday/Dufur) Stages***

#### **Boyd Loop Very Short**

The route of the Boyd Loop Very Short stage is the same as the Boyd Loop Very Short stage used in previously years, most recently in the 2023 Oregon Trail Rally. It follows Hastings Ridge Road and then turns onto Steuber Road. The stage surface is gravel.

#### **Nagle's Revenge**

The route of the Nagle's Revenge stage is the same as the Nagle's Revenge stage used in the 2023 Oregon Trail Rally. It follows Roberts Market Road between Emerson Loop Road and Fifteen Mile Road. The stage surface is gravel.

#### **Shadow Buck**

The route of the Shadow Buck (or Shadowbuck) stage is the same as the Shadow Buck stage used in previously years, most recently in the 2023 Oregon Trail Rally. It follows Fax Road, starting near Ward Road, and turns onto Mason Road, finishing near where it intersects with Wrentham Market Road. The stage surface is gravel.

#### **Starveout**

The route of the Starveout stage is the same as the Starveout stage used in previously years, most recently in the 2023 Oregon Trail Rally. It follows Endersby Cut Off Road, starting near Eight Mile Road, and turns onto a private farm road, finishing near where it intersects with Burtner Road. The stage surface is gravel.

#### **No-Go Zones**

Due to neighbors' concerns, rally traffic, including recce traffic, is prohibited on some roads. These roads are Roberts Market Road south of its junction with Fifteen Mile Road (near the end of the Nagle's Revenge stage), Wrentham Market Road south of its junction with Mason Road (near the end of the Shadowbuck stage), and Center Ridge Road east of Hastings Ridge Road.

### Estimated Recce Transit Times

In order to assist with recce planning, estimated times and distances to travel from the finish of one stage to the start of another are provided below.

### Estimated Stage Recce Time

Based on an ideal recce speed of 25 mph and rounding up in 5 minute increments, the estimated time to do reconnaissance of each stage is as follows.

	Dalles Mtn Down	Dalles Mtn Up	Maryhill	Oak Flat Reverse	Boyd Loop Very Short	Nagle's Revenge	Shadow Buck	Starveout
Stage Length	9.95 miles	10.01 miles	2.48 miles	5.62 miles	5.60 miles	4.86 miles	4.62 miles	8.02 miles
Recce Time	25 min	25 min	10 min	15 min	15 min	15 min	15 min	20 min

## Recce Transit Directions

Directions from the finish of each stage to the start of any other are provided here. Distances are approximations.

The recce transit between the Saturday/northern/Klickitat Co. stages and the Sunday/southern/Wasco Co. stages goes through a common point, the junction of I-84 and US-197. Instead of listing directions for every combination of stage road finishes and starts, the recce transit instructions between the Saturday and Sunday stage roads will go to that common point.
