APPENDIX V – GPS tracking

System GPS for tracking is obligatory to install due to safety reasons.

The system must be installed as follows:

- **Red wires** need to be connected to a constant source +12V and **black wires** to the chassis or negative pole on the battery.
- The device needs to be attached with plastic ties to the roll bar in the upright position (number up).
- Inspection of instalment and operation will be checked at the scrutineering checks.
- If the crew needs help in case of the accident the button marked SOS must be pressed!

GPS devices will be collected at the entrance to Holding area IN TC 9A.

Clerk of the course:
Simon Permozer
