Note: MSUK Licences below International Grade **MUST** have the word “**STAGE**” printed on them – otherwise they are not suitable for **Driving** in Stage Rallies!

i.e. **RS National Stage Rally**
RS Inter Club Stage Rally

Any words in brackets written after the grade, such as (BARS not EU) or (not EU) or (UK only) may be ignored. The licence is still suitable for competing in MI Events

Note for Event Secretaries – The year of issue is no longer shown on MI Licences. Instead, the expiry date is shown on the bottom line of the licence.

Note on MI National B licences: Holders of Rally National B licence are permitted to drive a car eligible for classes 1, 2, 9, 10, 11, 12, 16, 17, 18 and 23 as listed in Appendix 29.1. Competitors wishing to drive in the remaining classes must hold a Rally National A and International ITD-R/ITC-R licence. The only exception to this is for national class 22 in an international rally where national class based restrictions will apply. For example, a competitor in a class 3, 4, 5 or 6 car competing in class 22 must hold Rally National A. A competitor in a class 1 or 2 car competing in class 22 can do so on either a Rally National B or Rally National A licence.

Any entrant holding a licence issued by an ASN other than MI/MSUK must have an international rally (ITD-R/ITC-R) grade licence (this applies to all MI stage rallies including national permit events).
