## SCHEDULE OF PRELIMINARY TECHNICAL CHECKS

The preliminary technical verifications will take place in the service area on Thursday, November 3 between 11:30 and 18:30. They will be held in the **working area of each team**, to avoid displacement.

The vehicles must be raised and without lower protections in case that mechanical elements have to be sealed and with **the GPS system installed, which will be collected in the hour prior to verification.**

Once the scrutineering verification has been finished, the vehicle must be driven to the RFEDA weighing area.

The individual schedule is specified below:

HORARIOS VERIFICACIONES Y PRECINTAJE
