13. START

If a competitor retires from the rally on the first day of this two-day event, they may repair any technical fault on the car during the overnight break and rejoin the competition on the following day.

The competitor must notify the Clerk of the Course of their intention to continue in the rally no later than **21:00 on 21 August 2026**. In this case, the competitor will be assigned a stage time for each special stage not completed on the first day equal to the fastest time in their class plus five (5) minutes. If a competitor retires after the final special stage of the first day, before entering the overnight parc fermé, a time penalty of five (5) minutes will be imposed.

After the repairs have been completed, the car must be presented **in parc fermé** on the morning of the second competition day **no later than one hour before the start time of the first competitor** for a safety inspection. Only cars that pass the safety inspection will be permitted to start.

Tomi Jääskeläinen
Clerk of the Course
