BULLETIN 3

1. Personnel Changes
2. Roadbook
3. Route
4. Judges of Fact list
5. Vehicle testing on the public road

1. Personnel Changes

There has been 1 update to the VGFR 26 team as follows:

Competitor Liaison Officer – Unfortunately Amanda Morrison is unable to be at the event, and her place will be taken by Susan Macrae. Phone - **07723339787**

She will be at the locations as previously advised.

All other personnel will remain as per advised in the documentation.

2. Roadbook

Amendments to the roadbook as published.

SS1 and SS9 post 3 - Roadbook and set up book have arrows as straight on, now 45 right.

SS1 only post 16 – Roadbook and set up book have 45 left, now straight on.

SS4 post 13 – Roadbook and set up book have straight on, change to 45 right.

SS5 post 14 – Roadbook the tulip is incorrect. Please replace with

SS9 post 16 – Roadbook and set up book have 90 right, now hairpin right

3. Route

On stages we have used bales to tighten junctions and as anti-cut devices. Please note that these are wrapped, silage bales. These are extremely heavy. Please avoid.

Road section 11 - note that the average speed is published at 25mph, we understand that this may be difficult to achieve and will monitor this closely.

There are roadworks on the A93 going into Banchory. They will be in place over the weekend. Please do not speed or force your way through them, we are aware of the potential for delays and will take action as required.

SS8 Drumelzie – the exit road from stage is a PR sensitive area. 15 mph, slow and quiet. Additional signage will be in place as a reminder.

4. Amendments to Supplementary Regulations and Previous Bulletins

Bulletin 2 clause 13 – refers to a declaration area. This should read **deceleration area**.

Supplementary Regulations article 13 states that- as per NCR 13.13.8.4 the timing of controls will be to the whole second, stages to the tenth of a second. This is incorrect.

Instead - Controls will be timed to the whole minute, and special stages to 1/tenth of a second.

5. Vehicle Testing on Public Road

Under no circumstances should any competitive vehicle be being tested on the public road, prior to the event start or during the event.
