CONTACT TELEPHONE NUMBERS

Throughout the event the contact number for emergencies, or to report retirement will be **07811 354373**. This is to be used primarily for **Emergencies** but may also be used to report **Retirement**.

For all other enquiries during the event please contact the organisers via your Competitor Liaison Officer:-

BRC **Campbell Roy** on **07710 513542**

SRC **Amanda Morrison** on **07776 054962**

John Clark Motor Group

**GROUNDWATER
LIFT TRUCKS**

ROADBOOK INSTRUCTIONS

This roadbook contains all the information required to successfully compete in the 2026 Voly Grampian Forest Rally. The following notes provide general information about the running of the event in addition to the information contained in the Supplementary Regulations, Competitor Information No1 and any Bulletins issued.

The Roadbook is indicated by tulip diagrams and this route is compulsory. Some junctions on road sections will be arrowed to assist navigation in tricky or deceptive places, but please be aware that these arrows may be interfered with by third parties on the day, therefore reference should always be made to the roadbook.

An electronic tripmeter was used to compile this roadbook, but there may be minor discrepancies in distance between our tripmeter and yours, so a measured mile will be set up for you to check.

Signposts and obvious buildings have been added into the roadbook for your assistance. Certain junctions will have orange arrows.

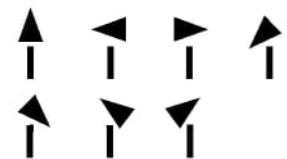

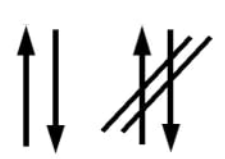

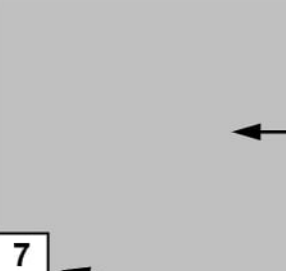

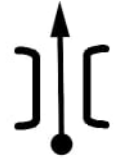

Where junctions are less than 0.10 miles apart they are not separated by a horizontal line in the roadbook. Special Stages have been printed with a shaded 'instruction' column to distinguish them from road sections.

All junctions on the Special Stages have a post number which can be found in the Route Information column in the roadbook. These posts will be arrowed using three arrows: one advance arrow approximately 100m before the junction, and two arrows forming a gate at the junction.

It is the competitor's responsibility to check that all times entered onto the timing system, by the marshals, are correct. Should you have a query about one of your times, please contact your Competitor Liaison Officer by phone or text.

A Competitor Time Comparison Sheet can be found on Page 118. You could use this to keep track of your Stage Times against your nearest competitors.

Symbols used in the Roadbook

SPECIAL STAGE START				
				
Beginning of Control Area (Stage Arrival)	Arrival Control	Stage Start		
SPECIAL STAGE FINISH				
				
Flying Finish in 100m	Flying Finish	Countdown Boards	Stop Line	
				
Radio Point in 100m	Radio Point	Doctor Rescue Recovery	Passage Control	Caution
			 Special Stage	
Arrow indicates severity of the junction ahead	Two way rally traffic Starts/Ends			
			 Road Section	
Bridge	Gate	Traffic Lights		

INCIDENT PROCEDURE

Competitors must carry an A4 size white board with a red 'SOS' on one side and black 'OK' on the other (letters to be a minimum of 12cm high with a stroke width of 1.5cm) with a means of securing it for display to following Competitors. **(NCR Ch13 App10 Art 7.10)**

In the case of an incident where urgent medical attention is required, the red SOS sign must be displayed as quickly as possible to alert following vehicles and aid any aircraft attempting to assist. Where present, the crew must operate the SOS function on the Tracking Console.

Any crew that sees a red SOS sign displayed on a vehicle or sees a major accident where both crew members are inside the vehicle but not displaying the SOS sign, must immediately and without exception, stop to give assistance. Where present, the crew must operate the SOS function on the Tracking Console in their own vehicle and that of the crashed vehicle where accessible. All following vehicles must also stop and the second vehicle arriving at the scene must inform the next radio point. **Subsequent vehicles must leave a clear route for emergency vehicles.**

The Clerk of the Course may award a discretionary time to any Competitor delayed in such circumstances. Any crew which is able to, but fails to comply with the above, may be disqualified following a Judicial Hearing and reported to the ASN in accordance with but pursuant to the Judicial procedures provided by Chapter 2.

In the case of an incident where medical intervention is not required, the OK sign must be clearly shown to following vehicles and to any aircraft attempting to assist. If the crew leave the vehicle, the OK sign must be left clearly visible to other Competitors. Where present, the crew must operate the OK function button on the Tracking Console. The Emergency Red Warning Triangle must be placed at least **100m** down the stage appropriate to the approaching speed of following Competitors to provide a visible advanced warning. Any crew failing to comply with the above may be disqualified following a Judicial Hearing and reported to the ASN in accordance with but pursuant to the Judicial procedures provided by Chapter 2. The following crews are required to note the car number and position and report the details to the stage finish. Competitors who misuse the SOS or OK signs will be penalised in accordance with but pursuant to the Judicial procedures provided by Chapter 2. and may be reported to the ASN for further action.

Where a Tracking System is being used, a Competitor encountering a hazard other than described above must operate the Hazard function on the Tracking Console and await further instructions from Officials. Competitors who misuse the Hazard function may be disqualified following a Judicial Hearing pursuant to Chapter 2. and reported to the ASN for further action. A 'hazard' is defined as any situation or incident on a Special Stage which is considered to be creating a safety issue that affects the safe passage of Competitors through that Stage.

If you are the first Competitor on scene, see next page for the appropriate actions to take, (Rally Safety Annex O).

Any crew retiring from the rally must report such retirement to the Organisers as soon as possible via the phone number at the bottom of the roadbook, save in the case of force majeure. Should a Competitor retire at a junction, their car must remain visible to the following Competitors, and they must show their 'OK' board to at least the next five cars. They must not leave the stage by any route other than via the Flying Finish exit without the express permission of the Stage Commander or Rally HQ.

Annex O - First Competitor on Scene

If the competitor is still in the vehicle and the vehicle is on fire GET THEM OUT IMMEDIATELY.

If the competitor is still in the vehicle, is responsive and there is no risk of fire:

- **Approach from the front**, look them in the eyes
- Do they seem aware of their surroundings?
- Speak to them, ask their name - do they respond?
- Any pain, loss of feeling - if yes keep them where they are!
- **Keep them calm and keep them talking.**
- **DO NOT MOVE THEM UNTIL PROFESSIONAL HELP ARRIVES.**
- **Do nothing else**

If the competitor is still in the vehicle, is unresponsive and there is no risk of fire:

- Stop any life-threatening bleeding by applying direct pressure/ plugging the wound
- Ensure an open airway
- Immobilise the head and c-spine (neck)
- Check if they are breathing
- Treat any non-life threatening bleeding

DO NOT REMOVE THEIR HELMET UNLESS THERE IS NO OTHER WAY TO ENSURE AN OPEN AIRWAY.

If the competitor is out of the vehicle:

- Do not grab hold of them - they might be unaware of what is happening and become combative.
- Guide them to a place of safety away from the incident and other competitors.
- Speak to them, ask if they are OK?
- Keep someone with them.
- Once in a safe place, assess them for injuries:
 - Are they aware of their surroundings?
 - Any signs of injury / are they experiencing pain?

DO NOT LET THEM WANDER AROUND, BUT KEEP THEM UNDER OBSERVATION

Afterwards write a short report for the organisers & either hand it to the first control official that you reach or to the Competitor Relations Officer. This report should cover the facts as you know them & include times of the incident starting & when you left the scene; always include your own details so that the organisers can, if necessary, contact you.

For all incidents, please ensure that appropriate safety warning signs, such as the Warning Triangle and SOS/OK Board, are prominently displayed to all following competing cars.

ANNEX O FIRST COMPETITOR ON SCENE OCTOBER 2024 EDITABLE

The **Red Signal Procedure** will operate on all Special Stages.
(NCR Ch13 App10 Art 7.31,7.32 & 7.33)

On passing a **Red Signal** displayed by a **Marshal** wearing a **Marshal's** tabard the crew **MUST** immediately and significantly reduce speed as well as being prepared to stop at any time.

At no time must a **Competitor** overtake any safety vehicle they encounter on the **Special Stage** route. The crew must then follow the instructions of any **Marshals** and/or stage safety personnel and maintain a reduced non-competitive speed until leaving the **Special Stage**. **Failure** to comply with this rule may result in **Disqualification** following a **Judicial Hearing** and reported to the **ASN** in accordance with but pursuant to the **Judicial** procedures provided by **NCR Ch2**.

Competitors must not continue until advised to do so by an **Official**.

REFUEL INFORMATION

All championship Fuel Rigs will be located at the West end of the Service Area in the Refuel Zone manned by our Environmental Scrutineer.

Refuelling is NOT allowed within the Service Area. Competitors may take their own fuel into the Refuel Zone, and refuelling should be carried out with due attention to safety .

Refuelling from Auxiliary service vehicles anywhere other than the Refuel Zone at Milton of Crathes is strictly prohibited.

Please make yourself, and your crew, familiar with Article 15 of the Supplementary Regulations – the penalty for contravention of Article 15 is DISQUALIFICATION [SR 18.2].

SERVICE INFORMATION

There will be one Service Area at Milton of Crathes – just off the A93 at Banchory.

All competitors must use a ground sheet beneath cars to contain spillage.

Toilets and hot food will be available in the Service Area.

Competitors were required to submit their requirements for Service vehicles on their official entry form. Failure to clearly indicate servicing for multiple crews may result in misallocation of adjacent service bays.

Decals will be provided at Event Documentation. As space is limited, only vehicles bearing these decals will be permitted to enter the Service Area.

VGFR REGROUPS

A Regroup is used to allow the Organisers to close up time gaps that have occurred during the running of the previous section(s).

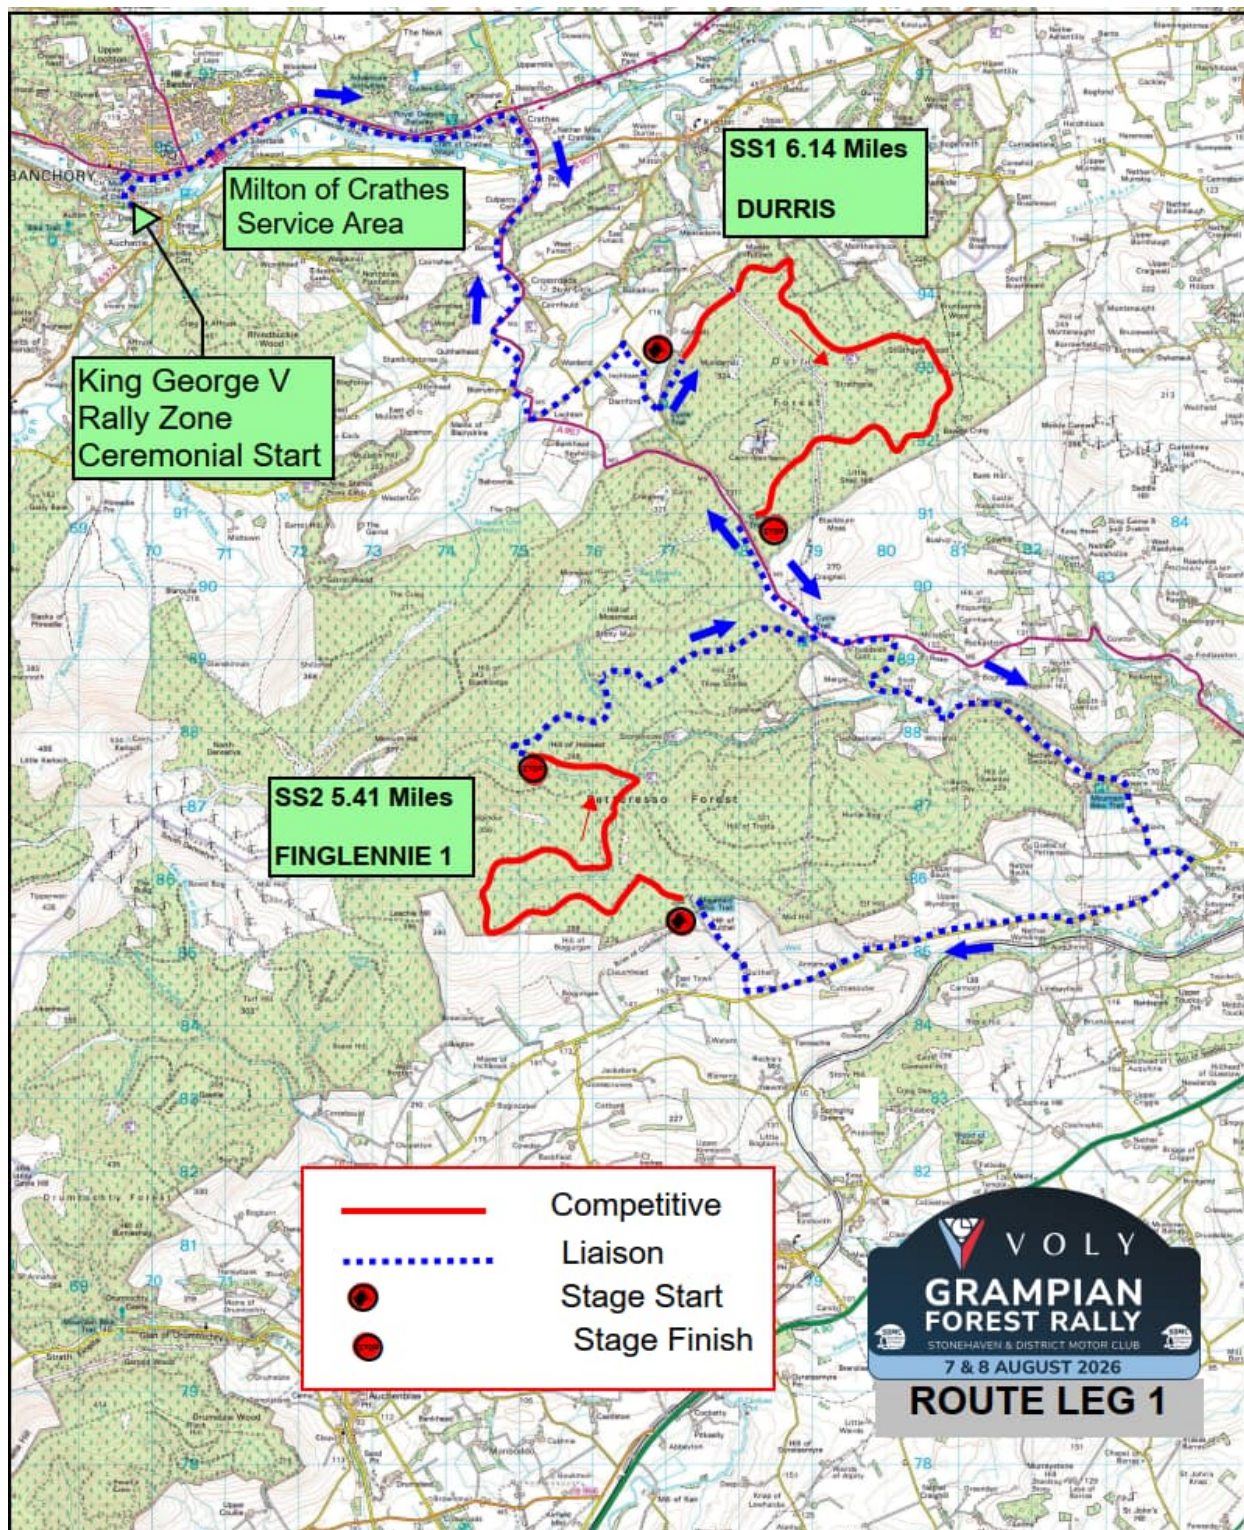

At Regroup IN you will be given a **Notional** Regroup Out Time comprised of your arrival time at this control plus 15 mins.

Time between Regroup IN and Regroup OUT is '**dead time**', and is variable depending on the circumstances on the day.

You will be given your **Actual** Regroup OUT time by the marshal at the OUT Control. This may be earlier or later than the Notional Time you were given at the IN Control as instructed by the Clerk of the Course.

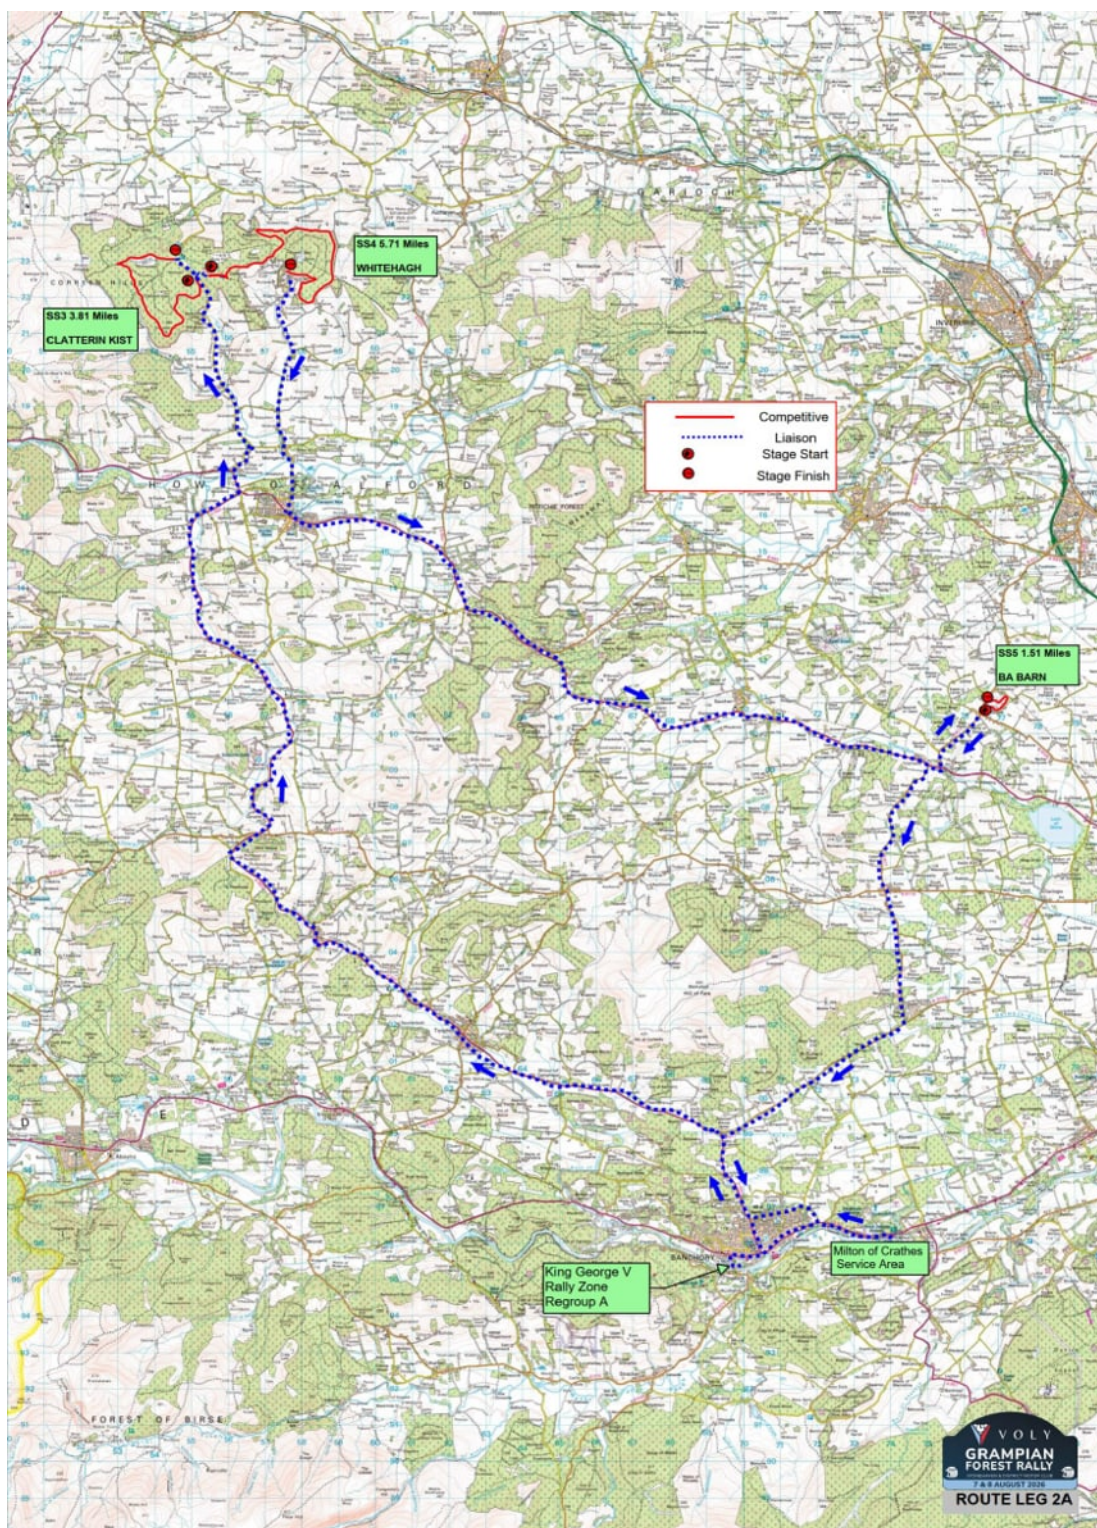

NOTE THAT NO TIME PENALTIES ARE GENERATED (EARLINESS OR LATENESS) WHILST IN THE REGROUP AREA. YOUR TIMING RESTARTS AT THE OUT CONTROL

Map data from OpenStreetMap

CONGRATULATIONS

Congratulations!! You have completed the 2026 Voly Grampian Forest Rally

Early Check In

Early check in at the final control, MTC3, is permitted as per NCR Ch13App13Art3.9.

Please come into the Control as soon as you arrive at MTC3 and ask the Marshal for your due time. (Note that if you are after your due time then the actual time of arrival will be given).

Damage Declaration

Hand in alongside your tyre Nomination Form (P113) at MTC3 or complete the on-line version.

Results

Results will be posted on-line as soon as possible after the last car reaches MTC3.

Prize Giving

Awards will be presented at the finish of the event in King George V Park once you have crossed MTC3

If you are lucky enough to be a prize winner, and you do not intend to be present at Prize Giving, please spare two minutes to make your apologies via a text or phone call to your Competitor Liaison Officer, **Campbell Roy** on **07710 513542** or **Amanda Morrison** on **07776 054962** so that we can announce your apologies at prize giving.

Thank You

RE-ROUTE INSTRUCTIONS

These Re-Route Instructions have been included so that, in the event of a Special Stage being cancelled, you have clear directions to the next control.

You should only use these when instructed to do so by an Official.

Before you leave the Special Stage the Marshal will record a departure time on the Timing System **and you must ensure that it is also entered on your Timecard**, and that you alter the time allowed for the Re-Route Road Section according to what is stated at the top of the Re-Route page.

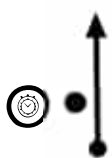

Follow any additional instructions issued by the Marshals.

During a re-route you should not see this as an opportunity to re-seed yourselves, and should try, where possible, to be in the same order that you leave the stage when you arrive at the next Time Control.
