6. ADMINISTRATIVE CHECKS

6.1. SCHEDULE

Will be published on 21.08.2023 in Bulletin on DNB.

6.2. To keep the time required for the Administrative Checks to the necessary minimum, Competitors are required to send a readable photo (.JPG) or readable scan copies (.PDF) of the required documents to the following email address sekretariat@bajapoland.eu

During Administrative Checks and Collection of Materials and Documents on days 24-25.08.2023 in Rally HQ, Competitors must deliver original, correctly fully filled and signed entry form and show all required documents (originals), already send by email, if they will be asked to do so.

6.3. There will be established a Time Control (C1) before the Administrative Checks, which will be responsible for checking the Competitors' compliance with the assigned schedule.

Any delay at Time Control (C1) will result in administrative penalties:

- The first 15' of delay: 100 EUR;
- From 16' up to 1 hour of delay: 200 EUR;

- Every following hour or fraction of delay: from 200 EUR for each hour started up to not admitted to start in competition.

7. SCRUTINEERING, SEALING, MARKING

7.1. SCHEDULE

Will be published on 21.08.2023 in Bulletin on DNB.

7.2. There will be established a Time Control (C2) before the Scrutineering, which will be responsible for checking the Competitors' compliance with the assigned schedule.

Any delay at Time Control (C2) will result in administrative penalties:

- The first 15' of delay: 10 EUR;
- From 16' up to 1 hour of delay: 200 EUR;
- Every following hour or fraction of delay: from 200 EUR for each hour started and will be reported to the Stewards.

7.3. Before Scrutineering, vehicles and Competitors must comply with the following:

- All rally plates, competition numbers and advertising plates must be correctly fitted in the entered vehicle;
- Sealing holes must have been drilled and the sealing wires must be ready in place;
- Complete Safety Tracking system unit and devices must be correctly fitted in the entered vehicle.

7.4. Scrutineering, mandatory documents

- Cars' complete original FIA Homologation Document (if applicable);
- FIA Technical Passport;
- Safety equipment certificates (if applicable) for equipment installed in the vehicle;
- SOS / OK board (DIN A3 format).

7.5. The complete original FIA homologation form (if applicable) / FIA Technical Passport and all other necessary certifications/documents of vehicle must be available both for Scrutineering and Final Checks.

7.6. The installation of the Safety Tracking system will be checked at Scrutineering.

7.7. Drivers' safety equipment

All items of clothing including helmets and FHR (Front Head Restraint) intended to be used, e.g. HANS devices, must be presented for Scrutineering. They shall be checked for compliance with ISC Appendix L, Chapter III.

The cars must be equipped with the medical kit according to FIA CCRSR App. IV-1 and FIA Technical List n°83 and the survival kit according to FIA CCRSR App. IV-2.1 and the defined Safety Type (see SR. Art. 1.5).

8. FINAL SCRUTINEERING

Any teams required to undergo final checks must immediately follow the instruction of the marshals in charge, even if this prevents them from proceeding to one or more time controls (TC). The complete original FIA homologation form, the FIA Passport and other necessary certifications/documents must be available for final checks.

9. NECESSARY TECHNICAL INSTALLATIONS

9.1. Tracking System

All vehicles must only be fitted with the GEOTRAQ Safety Tracking System provided by RBI Sport - company designated by the Organiser.

GEOTRAQ safety system elements will be delivered to crews during Administrative Checks and Collection of Materials and Documents and must be mounted by crews before Scrutineering.

Correct mounting and system operation will be checked by members of GEOTRAQ service team, during the Scrutineering.

The rent fee for the GEOTRAQ Safety System unit is included in the entry fee.

The cost of mounting kit for the GEOTRAQ Safety System unit is not included in the entry fee, as competitors must pay 50 EUR for the kit during the Administrative Checks and Collection of Materials and Documents. The mounting kit remains the property of the competitor after buying.

Each Crew must also pay to the organizer 350 EUR of refundable deposit for each complete GEOTRAQ safety system set, which will be returned upon return of undamaged and complete set.

Returning of the complete GEOTRAQ safety system set will be at the entrance of Final Parc Fermé D on Sunday, 27th of August or at Rally HQ in case of withdrawal.

The system self-installation and operating manuals will be published on DNB.

9.2. Navigation System (NAV-GPS)

GEOTRAQ Safety system will be used as official NAV-GPS to control the Speed Control Zones, Passage Controls and Waypoints (without navigations function).

9.3. Connection of the Systems

The specifications for the standard power connector are laid down in the FIA CCRSR Appendix VI.

It is the competitor's responsibility to ensure that the GEOTRAQ Safety system always remain permanently connected and switched on with the antenna connected throughout the duration of the whole competition.

Each case of behavior which is not in compliance with the PZM Environmental Code will be signalized to the Stewards.

22. ACCESS TO SZCZECIN

Planes

Szczecin is served by Szczecin-Goleniów "Solidarność" Airport which is 47 kilometers (29 miles) northeast of central Szczecin. It offers regular flights to cities in Poland and to international destinations (London, Liverpool, Dublin, Oslo, Edinburgh), as well as seasonal charter flights to other destinations. There is also a grass airstrip within city limits, the Szczecin-Dąbie Airfield.

The best flight connections are realized to / from the airports in Berlin. (BERLIN BRANDENBURG).

Transport to Szczecin is provided by taxi and shuttle companies.

Buses and Trams

There is a popular well-developed public and transit system operating throughout Szczecin, including a bus network and electric trams, that is run by a number of companies.

Roads

The A6 motorway serves as the southern bypass of the city, and connects to the German A11 autobahn, from where one can reach Berlin in about 90 minutes (about 150 km). Road connections with the rest of Poland are possible though the S3 Expressway and national roads.
