

## CoC Communication No. 4

Date:	<b>25.08.2023</b>	Time:	<b>12:30</b>
Subject:	<b>CoC Communication No. 4</b>	Doc. No.:	<b>3.4</b>
From:	<b>Clerk of the Course</b>	Pages:	<b>1</b>
To:	<b>All competitors / Crew members</b>	Att:	<b>-</b>

According to Art. 10.3.3 of the Supplementary Regulations of the Baja Poland 2023 i.e., (FIA CCRSR Art. 12.3) it is mandatory for all competitors to have the GEOTRAQ system always powered on, i.e., always connected directly to the battery during the entirety of the competition. **Connection via the kill switch or any other method is in breach of these regulations.**

This regulation has been put in place to enhance the transparency, accuracy, and integrity of our competitive processes. By maintaining the GEOTRAQ system in an activated state, we can ensure that the data collected provides an accurate representation of each competitor's performance, enabling fair judgment and preventing any potential misunderstandings.

Failure to comply may result in you being refused a start of the Baja Poland. No return of the entry fee will apply for non-compliance.
