**11.3. Windows / Nets (add)**

With the unanimous agreement of all manufacturers registered in the 2023 FIA World Rally Championship, the FIA has granted a waiver to Appendix J, Art, 253-11.1.1 and allows the additional application of silvered films on the rear half of the front side windows **in Rally1 cars**. This change is in consideration of extreme air temperatures recorded inside Rally1 cars and is important for safety reasons only.

### 11.6. Hybrid Details

Reference version of HY documentation and user guide:

- ~~[WRC-H-Documentation\\_20220317\\_RaceSystems.zip](#)~~ [WRC-H-Documentation\\_20230201\\_RaceSystems.zip](#)

Maximum energy released per hybrid boost:

**Special stage lengths are amended according to Itinerary Version 3.0, hybrid boosts are not affected.**

### 12.7. Light Fitting Zone

Team members can bring auxiliary lights for the crews to the dedicated area before TC 10 / 19. Installation must be done by the crew only, using only tools carried in the rally car. This dedicated area is in the Rally Campus between Box 37 and 38 on RB 1, page 156, and between Box 37 and 38, on RB2, page 96.

### 12.20. Media Zones (new article)

All priority drivers (and co-drivers upon request) must be available for media interviews for a minimum of 15 minutes or until they are given permission to leave by the FIA Media Delegate. The Media Zone will be operational as follows:

**TC5A, TC10 (before the SSS), TC14A, TC19A and TC23A.**

Access to the Media Zone is restricted to the following:

- Accredited media or team media personnel holding a green pass
- Team principals or team representatives, who are, in view of the FIA Media Delegate, performing media duties. Those representatives must request to the FIA Media Delegate the activation of the NFC sticker on their pass for this event.
- Holders of a red All Access pass

No other personnel will be allowed in the Media Zone unless authorised by the FIA Media Delegate and holding the correct pass and approved access.

Requests for the delivery and activation of the NFC sticker (excluding red all-access and green media passes) should be sent by email to: FIA Media Delegate Vera Dussausaye, [vdussausaye@fia.com](mailto:vdussausaye@fia.com).

For the avoidance of doubt, the Media Zone will no longer be divided into two separate zones (Zone 1 and Zone 2). However, an interview area complete with branded backdrops will still be arranged and all priority drivers (and co-drivers upon request) are required to report to this area on arrival in the Media Zone without delay for interviews with broadcast media, with priority to be given to WRC TV.

Non-broadcast media will be able to access this area but are also permitted to conduct interviews in close proximity to the cars, depending on sufficient time being available.

It is the duty of competitors' press officers to manage the time available appropriately and to be aware of the need to allow for interviews and the giving of relevant information upon request.

### 12.21. Environmental prescriptions (new article)

Teams are obligated to follow the directions and objectives in the Organiser's environmental policy.

- All competitors are obliged to have a liquid-proof tarp under competition cars in Service Park.
- Teams and competitors are responsible for the occurrence of no leakage of fuel or other liquids on the ground. Any detected fuel leakage may force the teams to dismantle their units and tents during the rally.
- Teams and competitors are asked to bring weights for tents and other items that need to be fastened.
- All waste material must be disposed of in the facilities provided at the Service Park. The waste must be sorted and placed in the designated containers. A special container for hazardous waste will be available.

Additionally, waste will be collected from behind the service bays each night. Please leave your garbage bags at the back of your area to be removed.

- Washing of spare parts must be done in special containers in order to avoid contamination. In case of any infringements the competitors will receive a cash penalty of €500 per each infringement incidence.
- After the rally, the Service Park has to be handed over in tidy condition.

### **12.22. Overnight Parc Fermé (new article)**

Notwithstanding Art. 63.2 and in accordance with Art. 2.13 of the 2023 FIA WRC Sporting Regulations, the following applies at the Start of Sections 2, 4 and 6:

Under the supervision of scrutineers, one representative of each Manufacturer together with the hybrid system provider's representative are allowed to enter the overnight Parc Fermé 20 minutes before the competitor's car due start time to ensure that the car's high voltage system starts-up normally when the main power is switched on. If necessary, the hybrid system provider's representative is allowed to connect a laptop to the car and perform a system reset. No other work is allowed on the car.

When the car is parked in the overnight Parc Fermé the MSD must be turned into OFF-position.

## **2 Amendments to the Road Books**

### **El Chocolate Stage Start (SS 3/6)**

All “total distances” for SS 3/6 in the roadbook should be reduced by 2.58 kms. This change is reflected in the Itinerary Version 3.0 (see [Attachment 1](#)).

### **Media Zone before TC 19**

The Media Zone established in RB 2, page 96, box 38 is cancelled. Only the Media Zone established in RB 2, page 106, box 20 will operate.
