To Whom It May Concern:

The County Commissioners and citizens of Washington County are pleased to welcome the Rally in the 100 Acre Wood. This event has brought participants from across the United States to Washington County. We would encourage everyone to extend a warm Washington County, Missouri welcome to the participants and fans that are here for the rally.

Additionally, we would encourage everyone to cooperate with those participating in and conducting the event. Residents may be asked by an official or representative of the rally to avoid using a particular section of roadway for a specified period of time so that there will be no interference with the event. We request that all citizens follow the directions that may be given by a rally official or representative in using or not using a section of road at a particular time.

We realize that this may cause a slight inconvenience or delay, for which we apologize. We suggest, however, that everyone use the time available from a possible delay to learn about the Rally in the 100 Acre Wood from the rally official or representative at hand.

If there is truly an emergency situation that requires a short delay, inform the rally official or representative of the emergency, and they will do all that they can to assist. We expect that everyone will cooperate and comply with the directions of rally officials and representatives while they conduct the Rally in the 100 Acre Wood.

Sincerely,

Dave Sanscraw
Presiding Commissioner
