Instructions: These logs are very important for both the safety of the Rally and to resolve scoring discrepancies, so please **be** accurate, **legible**, and make sure they get turned into scoring as soon as possible.

In the contact info above write down how we can contact you at the rally. A Cell phone number, hotel location, Ham Radio call sign, etc. will be helpful in reaching you in case there is something that needs further explanation.

Write down the time and car number of each car that crosses the finish line. Write the Sequence number that is already on the timecard. If there is a missing sequence number, there may be a car missing on your stage. Enter the finish time and current sequence number on timecard. In case of a problem with the timing equipment these times may be used to determine the finish time of the cars. Use the notes section to indicate any discrepancy or unusual circumstances you wish to report.

RallySafe time should be entered as Finish Time on log AND on timecard. Enter the Flying Finish watch time in Flying Finish Time column on log.
