Instructions: These logs are very important for both the safety of the Rally and to resolve scoring discrepancies, so please be accurate, **legible**, and make sure they get turned into scoring as soon as possible.

In the contact info above write down how we can contact you at the rally. A Cell phone number, hotel location, Ham Radio call sign, etc. will be helpful in reaching you in case there is something that needs further explanation.

In order to keep the tight field that RGC In created, you MUST send each car out (or into Service) on their Ideal Start Time on their timecard. This can only be changed by the Clerk of the Course.

Waving In: If you wave in car(s), please check the WI (Waved In) box. Enter the time the competitor requests in the Time In column. Enter the actual time in the Notes column. Check with Control Captain for exceptions.

Please write next to each number the same number in your own handwriting for our help in understanding your writing style, Thanks!
