A) Amendments to the Supplementary Regulations of the Rally

7. ITINERARY AND LAYOUT

Leg 2 (Sunday 27 July 2025): Dundee – Dundee (304.35 km / 189.12 miles)

One Regroup without recharging will be done in this Leg: Regroup, between Regularity Stages 9 and 10 near Pitlochry, 0 hours 45 minutes. Between 13:26 and 14:11 for First Car.

Mindful of today's experiences of lunch at Knockhill Racing Circuit, the organisers have elected to extend the lunch break of Leg 2 by 15 mins. Being cognisant of the bus from city centre / Four Points Flex by Sheraton departing at 07:15, the organisers therefore have elected to bring the start of Leg 2 forward by 15 minutes to help facilitate this increased lunch break.

APPENDIX 5 – GPS TIMING & SAFETY TRACKING SYSTEMS

The Anubesport Spica III safety tracking units having arrived at Knockhill Racing Circuit 50 minutes before first car, as of TC3, the provisions of Bulletin 3 with regards RallyAppLive mobile phone tracking app are hereby removed.

The event will revert from TC3 onwards to the original provisions of the event Supplementary Regulations, being use of the Anubesport Spica III unit. Competitors are asked to familiarise themselves with the safety provisions of the unit and the instructions contained within Appendix 5.

The organisers wish to thank all competitors for their patience and understanding this morning, whilst attempting to navigate a challenging situation for us as an event organising team.

TECHNICAL BRIEFING – 07:35 SUNDAY 27 JULY

At the request of the FIA Technical Delegate, a short 5-minute briefing will be held **07:35 Sunday 27 July**. This will cover off and clarify technical sporting integrity items, including charging and Energy Consumption Index performance, ahead of Leg 2.

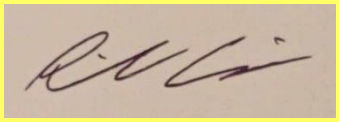

NON-MANNED TIME CONTROLS ON LEG 2

To assist with manpower planning and to support the ethos of reducing unnecessary vehicle movement, it has been decided that the following Time Controls will NOT be manned.

TC6, TC7, TC8, TC9, TC10, TC11 & TC12.

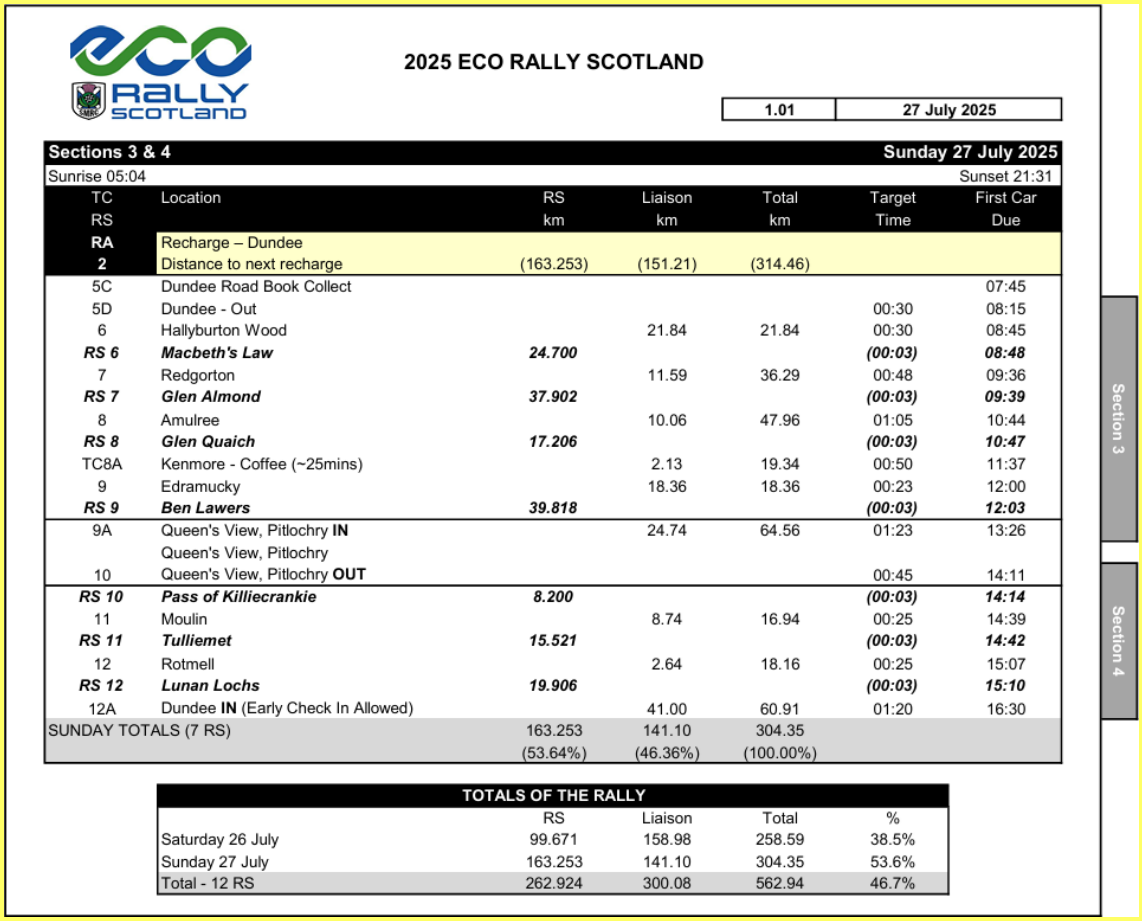

Competitors should complete their own time card and proceed themselves to the Regularity Start Control. Crews should self-manage Regularity start times but remember to allow 1 minute between cars starting each Regularity Section.

TC5D, TC8A, TC9A & TC12A will hopefully be manned.

Richard Crozier
Clerk of the Course
