

ATTENTION TO TEAMS AND RIDERS

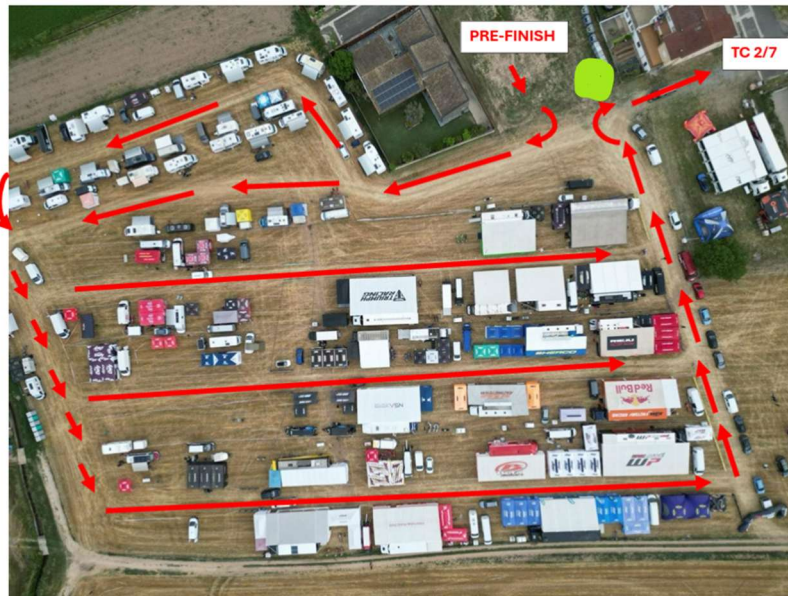

In accordance with the FIM Sustainability Code, please find attached the location of the **GREEN ISLAND** for the collection of hazardous waste, where you will find:

- container for used oils
- container for other liquids such as coolants or brake fluids
- container for the collection of cleaning cloths and other cleaning materials
- area for the collection of tyres

This waste will be collected by specialised companies, therefore we kindly ask you to use these facilities so that it can be treated appropriately.

Please remember that washing motorcycles or any other equipment is not permitted outside the areas designated by the organisation.

We also remind you that discharging grey wastewater onto the ground is strictly prohibited; it must be disposed of in the tanks installed at various points around the paddock.

Thank you for your cooperation.

The Organisation
