

Dear Madame, dear Sir,

By this letter we kindly remind you that for all FIM Enduro events, all participants will need to prepare their equipment in conformity with the 2026 Enduro Technical Rules. These rules can be downloaded here:

[https://www.fim-moto.com/en/documents?tx\\_solr%5Bq%5D=enduro+technical](https://www.fim-moto.com/en/documents?tx_solr%5Bq%5D=enduro+technical)

We want to focus your attention on this new point:

#### 65.01.4 Airbags

**The use of a functional/operational FIM category 3 airbag system is allowed.**

**The airbag manufacturer must declare to the FIM its airbag system category 3 by using the dedicated self-certification form. The airbag electronic algorithm (for crash detection) must be adapted to the specific disciplines as detailed in the FIM requirements for airbag category 3.**

**The list of the eligible airbags category 3 is available in the following link:**

[https://www.fim-moto.com/en/documents?tx\\_solr%5Bq%5D=airbag+certified](https://www.fim-moto.com/en/documents?tx_solr%5Bq%5D=airbag+certified)

**Its use must be declared during the Technical Verifications to the FIM Technical Director. The proper use of this device remains under the responsibility of the rider at all times.**

**The neck-brace is not compatible with the airbag and therefore is prohibited if the rider is using an airbag.**

**NB: The structure of the airbag system must comply with the body (chest and back) protectors' standards in force.**

Please note that the airbag must have an "Enduro" mode. It can also be reviewed in the above link.

Equipment information				
Description of clothing (eg. Airbag gilet)	Airbag protector			
Declared compliant for the discipline(s) hereafter with the appropriated algorithm	Motocross	<input checked="" type="checkbox"/>	Supercross	<input checked="" type="checkbox"/>
	Snowcross	<input type="checkbox"/>	Quadcross	<input type="checkbox"/>
	MX sidecar	<input type="checkbox"/>	Supermoto	<input type="checkbox"/>
	Enduro	<input checked="" type="checkbox"/>	Superenduro	<input type="checkbox"/>

*Real sample of an airbag declared as Category 3 and valid for Enduro events*

Sincerely yours,  
Miguel Sánchez Ungría  
CTI Coordinator
