

Supplementary Regulations

Introduction

Welcome to the Rixy Stages 2023 held at Stanford Training Area (STANTA). Originally known as Stanford Battle Area, it is a British Army training area situated near Thetford in Norfolk.

The venue offers the opportunity to provide multiple stage layouts whilst being held completely within a single venue. The stages will be 100% tarmac with fast flowing sections combined with more technical roads through the on-site villages providing maximum entertainment for competitors.

Our supportive sponsors are assisting greatly and our thanks go to Rally and Competition Equipment, Mass Racing Engines and Allglass Anglia, and also to all the club members who help make the event successful. The event is promoted by Anglia Motorsport Club www.amsc.org.uk and supported by many motorsport clubs from the region.

The rally is named after Ian Rix, a regular competitor and supporter of rallying in East Anglia who sadly passed away earlier this year. He was often out driving his immaculately prepared blue Mk1 Escort and there is a prize in his name for the most entertaining car.

Without the dedicated support of the many marshals involved, the event would not take place. Whilst we gratefully welcome back ALL marshals that have attended previous events, we ideally need more marshals, be they new or experienced, to be available to support the event. Please encourage non-competing friends and family to enrol as marshals on the event website rixystages.co.uk. Please contact the chief marshal of this event if you would like any advice or guidance. We do our best to make marshals welcome in the lead up as well as during the event. There are food, drink and goodies for the marshals, as well as the generous marshals' cash draw to which all the entrants will have contributed.

The Organising Team is drawn from the following car clubs:

Cambridge Car Club

Chelmsford Motor Club

Eastern Counties Motor Club

Green Belt Motor Club

Kings Lynn and District Motor Club

Middlesex County Automobile Club

Sporting Car Club of Norfolk

West Suffolk Motorsport Club

Wickford Auto Club

SPORTITY

We will be making extensive use of the Sportity App to ensure Competitors, Marshals and Officials have access to the documents and information required. Entrants are required to have their own access to the Sportity App.

Please ensure you download the App and Log-in. You will then receive the latest Documents, Notices, Amendments, and relevant Information as soon as they are published. You will also receive a notification of new or amended documents.

We also aim to publish results updates throughout the day on Sportity.

The banner features a purple and pink gradient background. In the top left corner is the Sportity logo, a stylized 'S' inside a blue square. To its right is the word 'Sportity' in a white, italicized font. Below the logo and name, the text 'For direct event information please download the Sportity app and insert this password:' is written in white. A large white rounded rectangle in the center contains the password 'AMSCRIXY' in bold black letters. At the bottom left, the website 'www.sportity.com' is listed. At the bottom right, the text 'Sportity app is available in' is followed by two buttons: 'Available on the App Store' and 'Get it on Google play'. Below each button is a QR code.

7 Documentation / Signing On

There will be a FULL physical Competitor Signing-On at this event. Bring ALL your normal documents to Signing-On which will take place at Rally HQ, where competitors' vehicle documents, Motorsport UK Licence and current club membership cards will be checked.

Any person who fails to produce a valid licence will be required to see the Motorsport UK Steward and electronically submit a licence declaration before they are allowed to start and electronically pay a fee as detailed in the then current Motorsport UK Yearbook.

PLEASE NOTE: WE CAN NO LONGER ACCEPT LICENCE APPLICATION FORMS AT THE EVENT.

8 Scrutineering

We request that competitors scrutineer and sign-on on the Friday if at all possible. We want to maximise the use of daylight for running stages on one of the shortest days of the year, by minimising the time spent scrutineering on the Saturday morning. If this creates a difficulty for you and you want to scrutineer on Saturday then please contact the Entries Secretary.

Friday scrutineering will take place at High Lodge Forest Park, Thetford Road (B1107), Santon Downham IP27 0TE TL806862 [///shuffle.finishers.guardian](http://shuffle.finishers.guardian)

All entrants must present their vehicles for scrutineering prior to collection of the roadbook and first timecard. A sticker will be applied to each vehicle to show that it has passed scrutineering, and these will be checked at the MTC prior to stage start.

Scrutineers may also carry out spot checks on vehicles and competitor equipment during and after the event.

All vehicles must comply with Motorsport UK Technical Regulations. Rally Car Logbook / Vehicle Passport, V5 Vehicle Registration Document and hardcopy MOT Certificate (for all cars that are required by law to have one if applicable) must be available for inspection if requested. Cars do not have to be taxed.

Competitors should study the current Yearbook and make sure they understand the technical regulations, including seats, harnesses and fire extinguishers are in date! Tyres used must comply with Motorsport UK GR L of the then current Yearbook.

Brake lights and Headlights must work at all times. There will be checks during the event both on and off stage. Penalty will be as per GR R Chart 32.2 (k). Any removable lights that may be used during the event must be fitted during scrutineering.

Note: If it is intended to mount a camera or recording device at any time during the event this must be presented at scrutineering and conform to Motorsport UK GR J5.21.

Motorsport UK GR R25.3 – In conjunction with scrutiny of the car, if selected for a spot check, Drivers' and Co-drivers' crash helmets, FHR Devices and overalls must be produced for approval.

IT IS MANDATORY that all crews carry Hi-Viz clothing (tabards) in the car at scrutineering and wear them if a breakdown occurs on stage.

9 Sound Test

All cars will be required to pass a pre-event Sound Test as per GR R4.1 and GR J5.16 - J5.18 (100 dB(A) at 0.5 metres), and one or more subsequent Sound Test(s) during the course of the rally. Anti-lag systems are permitted.

10 Route & Seeding

The event will take place at Stanford Training Area (STANTA), Thetford, Norfolk IP26 5EP (What3Words: ///founders.wobbling.pronouns)

There will be 8 Stages with approximately 59 stage miles, consisting of mostly sealed surface. The Stages will be timed to an accuracy of less than a minute in accordance with Motorsport UK GR R31.1.3. Cars will be scheduled to start the stages at either 1 minute or 30 second intervals as advised at the drivers' briefing. The interval may be varied during the day.

Competitors should arrive at MTC 1 according to the Start List which will be published on the Virtual Notice Board via Sportity. The first car is due to arrive at MTC1 at 8:57hrs. If during the day it becomes apparent that a competitor's performance is significantly greater or less than is appropriate for their seeding, the Clerk of the Course may re-seed that competitor.

11 Official Notice Board and Rally HQ

Rally HQ will be located as shown in the Final Instructions and will be the location of the Official Notice Board. Any queries should be directed to the Competitor Liaison Officers via phone call, text etc. See SR 16 for details.

The Virtual Notice Board will be on the Sportity App. Bulletins, updates, Provisional and Final Results will be displayed on the Virtual Notice Board. Competitors must be able to access these through their own electronic devices in advance of and during the event. Stage times may be published electronically through the day.

12 Specific Regulations for STANTA

PLEASE DO NOT ARRIVE BEFORE 07:00 ON SATURDAY 30TH DECEMBER

The following regulations are part of our contract with STANTA:-

(a) Out of Bounds Areas

Anyone who is found in an Out of Bounds Area may be disqualified from the event and required to leave the venue SR24(t). Service crews are to remain in the service area or the viewing area adjacent to SS1 start.

(b) Animals

Any person bringing Animals into Stanta may be disqualified from the event and removed from the venue SR24(t). The only exception is assistance dogs.

(c) Quad Bikes, Scooters etc.

Any person found using any Quad Bike, Moped, Segway, Motorcycle, Bicycles, Scooter, (powered or unpowered) etc. in the Service Area will be penalised as per SR24(t).

(d) Entry into Stanta

As the venue is an active Ministry of Defence (MoD) site, all people and vehicles coming to the venue **MUST BE NOTIFIED IN ADVANCE** to the organisers. No spectators are allowed. If there are any changes after the entry has been submitted, please contact the Entries Secretary as soon as possible. All persons must bring a form of photographic identity e.g. driving licence.

(e) Damage to Venue

The MoD and Landmarc are very sensitive to any damage caused to their venue. If you have a puncture anywhere on the venue, **DO NOT CONTINUE**, but **immediately** stop and change it. Any damage caused and/or costs incurred will be the responsibility of the competitor. **Not being aware of a puncture will not be accepted as a valid excuse.**

Anglia Motor Sport Club will seek full reimbursement. You will also be called to the Clerk of the Course and may be reported to Motorsport UK.

13 Classes & Vehicle Eligibility

Class	Description
1	All cars up to 1400cc
2	Cars over 1400cc up to 1600cc
3	Cars over 1600cc up to 2000cc or with forced induction engines up to 1300cc
4	Two-wheel drive cars over 2000cc

5	All four-wheel drive cars not included in Class 6
6	All current or former WRC, S2000, R5 and FIA Rally2 specification cars and any derivatives there from

Notes:

All forced induction engines over 1300cc are subject to an additional capacity coefficient of 1.7:1.

The event is open to all cars complying with Motorsport UK GR R46 & R47.

The championship organisers reserve the right to re-classify any vehicle if they consider it appropriate to do so.

If you are intending to enter a Hybrid Electric Vehicle, please contact the organisers before submitting an entry.

14 Awards

Awards will be presented as follows:

- | | | |
|----|---------------------------|---|
| A) | 1st Overall | 2 Awards |
| B) | 2nd Overall | 2 Awards |
| C) | 3rd Overall | 2 Awards |
| D) | 1st in each Class | 2 Awards. |
| E) | 2nd in each Class | 2 Awards (Subject to 4 starters in the class) |
| F) | 3rd in each Class | 2 Awards (Subject to 6 starters in the class) |
| G) | Ian Rix Entertainer Award | 2 Awards |

Should a class have only 5 or less entries only 1st and 2nd awards will be made. Should a class have 3 or less entries, only a first in class will be awarded.

The Ian Rix Entertainer Award will be awarded to the most entertaining car, this could be the best looking, most sideways or hardest driven car. We intend to get the marshals to decide this result.

Additional awards may be presented, and these will be detailed in the Competitors Bulletins. No competitor may win more than one award except the Ian Rix Entertainer award.

15 Acceptance of Entries

The entry fee is £355 including the marshal's fund contribution of £10.00. Payment must be made by Electronic Bank Transfer (details given on the entry form when you fill in the on-line entry). No cash or cheque payments will be accepted. The On-Line Entry Form will be available when entries open at rixstages.co.uk

PLEASE NOTE: ALTHOUGH WE WILL ACKNOWLEDGE ALL ENTRIES, THEY WILL NOT BE ACCEPTED UNTIL ALL MANDATORY FIELDS ARE COMPLETED AND FULL PAYMENT HAS BEEN RECEIVED.

Details such as "TBA", "TBC", "0", ".", or any other variant will not be classed as a completed entry. If driver and co-driver are the same name, this will also be classed as incomplete.

The maximum entry for the meetings is 60 plus reserves, the minimum is 40. Should the minimum figure not be reached, the organisers reserve the right to cancel the meeting. Those not successful in gaining an entry will be placed on a reserve list and these reserves will have priority should entries become available.

It is a requirement for acceptance that entries are completed in full, including the seeding information. Completing the form diligently helps tremendously with the documentation and saves tedious follow up. It is also very important suitable information is provided for the seeding of entries. Incomplete information will not only mean that entries may not be seeded correctly but could impinge on the safety of the event. **Entries without complete details may not be accepted or if accepted, removed from the entry and replaced by a reserve.** If any information in your entry is missing, you can update this by logging in here with the password you provided when submitting your entry:

<https://mtc1.uk/Entry/RixyStages23/EntryForm.php>

An accepted entry is linked to the driver. The driver cannot be changed without withdrawing and resubmitting the entry, save for professional organisations submitting more than one entry in which case the circumstance will be reviewed and the change of driver allowed if the explanation deemed acceptable at the organisers discretion. If more than one change of Co-driver's name or car in an accepted entry is made, then the entry will be classed as incomplete and may be entered into the reserve list. The organisers reserve the right to refuse an entry in exceptional circumstances.

Entry fees will be refunded as per the following: -

- 1) Up to and including 4th December 2023: A full refund (except for failed payments) available provided written or email confirmation of such is received by the Entries Secretary before the end of 4th December 2023 and repayment details are provided.
- 2) Otherwise: for notifications after 4th December 2023 or non-appearances: Only Motorsport UK Fees & Insurance refunded.
- 3) Signed on Competitors who fail to start will forfeit the whole entry fee.

If the event is cancelled, the level of refund is contingent on the availability of event funds after irrecoverable costs. In particular, should the venue owners fail to refund any significant part of the fee paid, only partial refunds are expected to be possible.

Competitor Bulletins will be posted on the Sportity event Virtual Notice Board only.

17 Results and Protests

Interim results will be published at intervals during the event on-line and on the Sportity App. Provisional results will be published as soon as possible after the last car has finished.

Protests and appeals must be made in accordance with Motorsport UK GR C5 & C6.

In the event of unforeseen circumstances, the organisers reserve the right to delete any stage or road section from the final results. Notional times may be awarded in accordance with Motorsport UK GR R24.5.

If a competitor fails to complete a stage or misses a stage, they may re-join the event at the re-join point which is the exit from service. This means they can only re-join the event at the first stage of each loop: stages 3, 5 and 7. You must obtain permission from the Clerk of the Course through the Competitor Liaison Officer after you have had your vehicle re-scrutineered.

To be classified as a finisher, a competitor must report to all controls listed in the road book except as provided for in Penalty Chart 32.2 (a)(ii), where two-thirds of the stages or five of the eight must have been completed and report to the final control within the maximum lateness specified, with the car in which they started.

18 Roadbook

Entrants will be supplied with a Roadbook at Documentation, giving details of Special Stages and the location of controls, in the form of Stage Diagrams. This document will provide all the information necessary to enable competitors to comply with Motorsport UK GR R26.1-10.

Documents including the roadbook will also be available electronically. The roadbook will be in tulip format.

Competitors are asked to watch the Motorsport UK First on Scene Video that can be found at <https://www.youtube.com/watch?v=zFOAISpMF28>

19 Vehicle Identification

Competitors will be identified by rally plates and competition numbers to Motorsport GR J4.1 which will be supplied by the organisers. All identification must be carried throughout the event and must be removed or covered on finishing the event or retiring. Rally plates must be fixed to the front of the vehicle and be on display for the duration of the event.

20 Controls and Timing

The event will be run using the Target Timing system as defined in Motorsport UK GR R31 of the General Regulations, amended:

Maximum Permitted Lateness will be 5 minutes between Main Time Controls (Motorsport UK GR R31.2.5). All controls will open at the due time for Car 1 and close 5 minutes after the due time of the last car. Special Stages will be timed by digital clocks operated by Marshals under the control of the Timekeeper. Such timing will be to the last completed second Motorsport UK GR R31.1.3. Should any of the clocks fail the organisers reserve the right to use any other available means for timing. Marshals will fill in the times at the controls on the competitors' timecards.

Ties will be resolved on the basis of fastest on the first or subsequent earliest stage and then on the basis of engine capacity.

Control Procedure

You should book into the Main Time Control (MTC (Out)) at the exit from the Service Area at the time published on the Virtual Notice Board. After the Stop there will be a RC Control where you will be issued your time for the next MTC preceding the next Stage. The Final Control of the Rally is a MTC which is deemed an MTC (In).

Main Time Controls (MTC (Out)) Re-join Point Motorsport GR R40.1.6 & R40.1.7

All Special Stages will be preceded by an MTC designated an MTC (Out). Two cars may be due at the MTC (Out) per minute. The Actual Arrival Time at MTC Controls will be the time that the competitor shows on his timecard through the window to the marshal. A "Real Time Display" will be sited at the Red Control board. Marshals will record that time on their check sheet and on the competitor's timecard. Any competitor who arrives early should must wait outside the control area (before the yellow board), only entering the control on the minute before their due time. For example, if the due time is 09:04, then the control should be entered between after 09:03:00 and 09:03:59 and the card handed over between 09:04:00 and 09:04:59.

Special Stages (SS)

Competitors will start Stages at either 1 minute or 30 second intervals as advised at the drivers' briefing. The interval may be varied during the day. A Bogey Time will be set at no more than 70 mph and a Stage Maximum Time set at approximately 30 mph.

All Competitors will receive penalties and accumulate lateness as follows: -

- | | | |
|----|-------------------------------------|-------------------|
| a) | Bogey Time or under | Bogey Time |
| b) | Over Bogey, but under Stage Maximum | Actual Time Taken |
| c) | Stage Maximum or over | Stage Maximum |

Special Stage Start Control (SSS)

Once a time has been given at the MTC (Out), a crew must proceed without delay to the SSS and be ready to start.

Stage Start Control – Line Up

Competitors will be signalled visually to the Start Line in the order they entered the control. Alignment Lights will be used to ensure the position is correct. WATCH THE ARROWS FOR INSTRUCTION.

The display at the Start Line will be dual function, with a display using “Real Time” plus the traditional countdown light sequence of five amber lights and a green indicating “GO” with automatic false start detection by beam as per Motorsport UK GR R25.7.3. If a driver is not ready to go, they cannot wait for the next start time, as the stage has already started. The start marshal will assume that the crew are ready to start and will issue a time as soon as the start line is clear.

The Traffic Light Start Sequence is as below; no verbal warnings will be given, and the competitor should leave the start on the green light.

15 Seconds	Red Light
10 Seconds	Red & 5 Amber Lights
5 Seconds	Red Light is extinguished and the 5 Amber Lights countdown 5-4-3-2-1
0 Seconds	Green Light

Special Stage Flying Finish and Stop Control (SSF)

The Flying Finish will have a light beam which is linked to the Digital Clock at the Stop Line.

At the Stop Line, a marshal will enter the Car Number onto their check sheet and onto the competitor’s timecard. If there is a query, it should be raised with the Competitor Liaison Officers (who will normally be at Rally HQ), and not at the Stop Line. They should move off swiftly as soon as the marshal has indicated to do so and return to the Service Area. Any crew who fails to stop at the Special Stage Finish Control must not, under pain of disqualification, reverse to the stop line, but must return on foot.

Regroup Control (RC)

At the SSF Control at the end of Stages 1 to 7, competitors will return to the service area as stated in the Roadbook for the next Service Halt via a RC control which is designated an MTC (IN) Control. The restart time will be provided by display or orally and will be your due time at the MTC (Out) for the next stage for you to record on your own timecard.

Main Time Control (MTC (In))

After the last stage of the event there will be an MTC (In) Control which will be the finish of the event.

21 Servicing and Parc Ferme

The Service Area will be next to the road between the site entrance and Rally HQ. Servicing is defined as work being carried out on the competing car by any person other than the competing crew, or the use of any parts or tools not carried in the competing car. Servicing will only be permitted in the Central Service Area, see Motorsport UK GR R38 & R39. Due to limited space, only one service vehicle will be allowed in the service area per competing car. Extra vehicles may be parked in the trailer parking area.

Competitors are reminded that they are responsible for the actions of their service crew who must comply with instructions from Marshals and Officials. Motorsport UK Guidelines on Service Area Safety must be followed.

Details for Trailer Parking will be published in the Final Instructions. All other parts of the venue will be out-of-bounds to service vehicles except the service area and a viewing area adjacent to SS1 start. Service crews will not be permitted to go to the assistance of competitors who break down on a Special Stage. Cars which are stranded out on the stage may have to remain there until the end of the event. The organisers will endeavour to move cars which are in a dangerous position but do not guarantee to provide assistance in returning them to the Service Area, although reasonable effort will be made to clear broken down vehicles in between each pair of Special Stages.

Parc Ferme

In the area between the MTC and the SSS designated as “Parc Ferme”, the only work permitted in these areas is the following (unassisted): Cleaning lamp glasses, windscreens, windows, identification markings and vehicle registration numbers.

See Motorsport UK web-site <https://www.motorsportuk.org/the-sport/rally-future/>. All servicing must be carried out with the competing vehicle on a groundsheet. The use of cutting, grinding or welding equipment in the service area at any time is prohibited.

Self-refuelling must only take place in the competitor’s area in the service area, and on the groundsheet. The Crew must be out of the car. Competitors must have a suitable fire extinguisher to hand whilst refuelling. **Fuel must be pumped not poured.**

22 Damage Declaration & Damage to Third Party Property

Damage Declaration

Competitors at the conclusion of the event shall sign a declaration to the effect that they have not been involved in any incident that may have caused damage to persons or property (including road surface) or alternatively give details of such incidents. Failure to comply will be penalised under Motorsport UK GR R40.1.3 & R40.1.4 & Chart 32.2(p) and may be reported to Motorsport UK for further action. Competitors who retire will be required to submit this form electronically to the Secretary of the Meeting within 72 hours of the event. Failure to return this form may be penalised by a fine of up to £100. Details on how Damage Declarations are to be submitted will be included in a competitor bulletin. In the event of leaving the venue without completing the Declaration, it must be completed and scanned / photographed and emailed to the secretary within 72 hours of the event finish.

Damage to Third Party Property

Competitors causing damage to any third-party property (including that of the circuit owners and managers) will be liable for the full reinstatement cost of any damage caused. Where the damage is covered by the Motorsport UK insurance policy, the competitor will be liable for the first £450 insurance excess of any Motorsport UK claim.

Any competitor coming into contact with any timing equipment will be penalised as per SR 24(y) plus the cost of replacement of the equipment. There are sheep in the vicinity of the stages, any that are killed by collision with a vehicle involved in the event will cost the driver/entrant £TBA.

23 General Regulations

All other General Regulations of Motorsport UK apply as written except for the following which are modified.

- Motorsport UK GR H28.1. Competitors may be required to carry advertising material supplied by the Organisers on behalf of their sponsors.
- Motorsport UK GR R5.4.3. Only the first named driver on the entry form may drive the vehicle.
- Motorsport UK GR J5.13.4 The use of fuel in compliance with FIA Appendix J Article 252, Article 9 is permitted.
- Motorsport UK GR J5.17-18 All vehicles must comply with a mandatory maximum noise level of 100 dB(A) at tests carried out in accordance with Motorsport UK GR J5.18 (100 dB(A) at 0.5 metres or 88db(A) at 2.0 metres). Competitors should ensure that they have the means of complying with the requirements of the noise test at 4500 rpm. Vehicles may be subject to additional noise tests during the event. In all cases the decision of the Clerk of the Course, in conjunction with the Motorsport UK Environmental Scrutineer, shall be final.
- Motorsport UK GR R15.1/R40.1 To be classified as a finisher a competitor must report to all Main Time Controls (the start and finish) and at least 2/3rds of the Stage Arrival Controls within their Maximum lateness in the car in which they started the event.
- Motorsport UK GR R18.6.5 Spill Kits must be carried in competing cars.
- Motorsport UK GR R25.7.2 The stage starts will be operated by Traffic Lights linked direct to a Digital Clock with a Jump Start Detection Beam. No verbal warnings will be given, and competitors should leave the start on the green light. The traffic light sequence is as follows:
15 seconds red light, 10 seconds Red and Amber light, 5 seconds Red light is extinguished, and the Amber clusters count down 5-4-3-2-1, 0 seconds' Green light.
- Motorsport UK GR R25.8.1 As stages may start at 30-second intervals, the '30 seconds to go' warning may be dispensed with.
- Motorsport UK GR R30.1 Stages will open at the due time of the first car and close 5 minutes after the due time of the last car.
- Motorsport UK GR R31.2.5 Maximum Permitted Lateness is amended to 5 Minutes. Competitors may miss a maximum of two stages Motorsport UK GR R40.1 but will be penalised as per Motorsport UK GR R32.2 (a) (ii). To be classified as a finisher, competitors must visit the last MTC under their own power. Competitors may only join at Re-join Points, which are MTC 2-8 (OUT) controls. The car must be re-scrutineered and then obtain permission from the Clerk of the Course.
- Motorsport UK GR R31.2.6 There is no penalty-free lateness.
- Motorsport UK GR R31.2.9 Competitors will start all stages at either 1 minute or 30 second intervals as advised at the drivers' briefing. The interval may be varied during the day; and therefore, two cars may be due at each control per minute.
- Motorsport UK GR R32.1.1 Competitors will be required to make up any lateness at Service Halts.

24 Penalties

Penalties will apply as per Motorsport UK GR R Chart 32.2 and any amendments that Motorsport UK may make, except for the following which are modified or added:

- | | |
|---|--|
| (h) For each minute over target time on a road section or for each minute over target time in a Service Area. | 10 Secs. |
| (o) Breach of Motorsport UK GR R38.1.2-4 & SR 21. | Disqualified from the event. |

25 Penalty Markers

In order to restrict average speeds of the Special Stages as well as safety considerations, various man-made barriers forming chicanes, limits of the track, narrow gates and route separations etc. may be set up which will be indicated in the Roadbook. These barriers will be deemed to be made up of Penalty Markers. A Penalty of 10 seconds will be applied to any car hitting a Penalty Marker and/or group of Penalty Markers. Competitors who drive through a group of Penalty Markers, or drive around them, without making a reasonable attempt to follow the correct route will be penalised with the Stage Maximum Time as per Motorsport UK GR R Chart 32.2(c). A 2nd offence of not making a reasonable attempt will be penalised under Chart 13 (m). Excessive speed or driving likely to bring motor sport into disrepute - Disqualified from the event.

26 Judges of Fact

Named Judges of Fact appointed by the organisers, will be on duty throughout the event to observe and report any competitor considered to be in contravention of Motorsport UK GR R24.7

The Chief Scrutineer appointed for the event is a Judge of Fact in respect of Vehicle Eligibility.

All Start Officials on all special stages are appointed judge of fact for false starts.

The Organisers will appoint Driving Standards Observers in accordance with Motorsport UK GR G11 and GR R24.8-R24.9.1. These observers will also report on sound levels. The penalty for excessive sound may lead to disqualification.

The Judges of Fact for the entire event will be named in a Competitor Bulletin, which will be issued before the event and will cover the following Motorsport UK regulations: -

R24.7.1, R24.7.2, R24.7.3, R24.7.4, R24.7.5, R24.7.6, R24.7.7, R24.7.8 and R24.7.10 and driving anywhere on the venue with a puncture.

27 Safety, 30 Second Starts and Red Flags

30 Second Starts

Competitors may be instructed to start Special Stages at 30 second intervals. This increases the possibility that one competitor may catch another before the end of the stage. Any contact between competing vehicles will result in a 10-minute time penalty for one or both competitors.

Red Flags

Motorsport UK GR R24.4.5. On any special stage where extreme circumstances make it necessary to neutralise the competition e.g. where spectator safety is compromised, or to authorise the movement of non-competing or rescue vehicles before the stage is cleared of competing cars, a system of Red Flags will be in place. These will be located at mid stage rescue points, all locations where a rescue/ emergency vehicle may re-enter the stage following a shortcut and at each designated Radio Point (29.5).

They will only be displayed on the specific instruction of the Clerk of the Course or a Deputy Clerk of the Course. Red Flags will only be used when there is a possibility of non-competing vehicles and rescue vehicles moving on stage AHEAD of competing cars. Flags will be displayed at all radio points preceding the incident.

Red Flags will be prominently displayed (Held out steady, not waved) by a designated marshal who must wear a marshal's tabard.

- i) Competitors who have been shown a Red Flag will be given a notional time for the stage.
- ii) The time of the deployment of the Red Flags will be recorded and notified to the Clerk of the Course.
- iii) No flag other than a Red Flag may be deployed at any point on the route of the stage.

Motorsport UK GR R25.6.4. All competitors encountering a red flag displayed by a marshal wearing a marshal's tabard MUST: reduce speed significantly, do not overtake any vehicle and be prepared to STOP. The driver must follow the instructions of any marshal and/or stage safety personnel and maintain a reduced speed until leaving the stage.
