1. GENERAL INFORMATION

1.1 Greetings from the Clerk of the Course

Greetings to the entire rally community!

The 60th anniversary rally of Mikkelin Urheiluautoilijat has finally arrived.

Over the long history of our club, many different phases have been experienced, and now we have the pleasure of celebrating this milestone together through a Finnish Rally Championship event.

The arrival of winter kept us waiting with bated breath, but at the time of writing, the situation is looking very promising. We have been working towards this rally for several months, investing hundreds of volunteer hours, and now it is time to enjoy the results of that hard work.

In 2026, we face very different challenges compared to those who began organizing competitions and events under the club's name sixty years ago. Safety regulations are becoming stricter year by year, and as a result, many new practices have been introduced for rally spectators as well. Designated spectator areas and the access routes to them play an increasingly important role due to requirements set by the authorities.

We therefore kindly remind all spectators along the stages to carefully listen to and follow the instructions given by the officials. These instructions are not given to cause inconvenience—each one has a clear purpose. Through cooperation, we can ensure a safe rally for spectators, competitors, and officials alike.

Enjoy the beautiful landscapes of South Savo, high-quality rally action, and pleasant company in a positive and cheerful spirit!

Mr.Jarno Neuvonen

Clerk of the Course
