This document contains all important information about the Rundstreckentrophy 2023. Read this document very thoroughly so there won't be any surprises. And if you have any questions, please don't hesitate to ask!

Some wise words to begin with

The cars we drive have few inherent safety features. Accidents not only destroy originality but also put at risk the concessions under which we are allowed to race. Racecar drivers are therefore required to drive in a sportsmanlike and considerate fashion, in particular avoiding contact and not indulging in aggressive driving tactics.
