Ballynahinch & District Motor Club Ltd. Timing procedures for BishopsCourt Stages Rally 11th March 2023

The following information about event timing is issued with Final Instructions and therefore carries the same weight as the event Regulations (ASRs).

- NO official timecards will be issued or required to be carried by competitors.
- The organisers reserve the right to calculate times and penalties using electronic timing and results systems and manual methods.
- Timekeeping and results personnel are Judges of Fact in respect of all timekeeping and results records. (See list at the end of these instructions)
- Any queries should be directed first to the CLO (Ian Porter 07771 573298).
- At all controls a manual check sheet will be maintained by the Officials and in the event of a query it may be electronically transmitted to the results team.

START CONTROL (SERVICE 'OUT') TO STAGE 1 START

At the first control competitors are expected to check in at their due time according to the start list published on www.RallyScore.net
The Official will display the time being recorded on a whiteboard that will be visible to the crew from within the car.

SPECIAL STAGE START

Competitors must present themselves at the Special Stage Start in the same running order they checked out at the previous Control. Failure to do so may be penalised.

The Start Timekeeper will clearly indicate (by "Thumbs Up") when a start is authorised.

The starting for Special Stages will be by the means of "**start lights**" which will work as follows:-

Drive when instructed to the Start Line until 1 of the lights underneath the traffic lights goes out. If you go too far forward the second light will go out – the Jump Start light.

Please move back or you will be given a jump (false) start penalty as per SR 21.18

With 15 seconds to go a red light will come on. With 10 seconds to go an amber light will come on along with the red light. With 5 seconds to go the red light will go out but the amber light will stay on.

The amber light is divided into 5 segments – as each second counts down a segment will go out. After the last segment goes out the green light will come on. **GO ON THE GREEN LIGHT!!!**

Be ready to start at 30 second intervals!

Record keeping will be by an electronic signal generated by the timing system and transmitted to the results team.

SPECIAL STAGE FINISH

Times will be automatically recorded at the Flying Finish by an electronic signal generated by the timing system and transmitted to the results team.

At the Stop line the Timekeeper will display the time recorded in minutes, seconds and tenths on a digital clock that will be visible to the crew from within the car. NB: take a note of this time – you will need it to calculate your Service 'In' time.

SERVICE 'IN'

Calculate your due time and queue at the Control until the Official indicates that you may pass.

No overtaking should take place between the Stop Line and Service 'In'. If this happens and the overtaken car is late at Service 'In' then penalties may apply.

At Service 'In' Competitors will be notified about their due Service 'Out' time on a whiteboard that will be visible to the crew from within the car. Take a note of this time!

SERVICE 'OUT'

It is the Competitors responsibility to present themselves at the 'Out' Control on time and queued in the correct order.

The Official will display the time being recorded on a whiteboard that will be visible to the crew from within the car.

Please be patient and courteous with all Officials, these procedures are new for everyone and our aim is to run a safe, enjoyable and fair event for everyone. Your cooperation is very much appreciated.
