2) Supplementary Regulations - Art. 7.2 Identification of the tyres (new article)

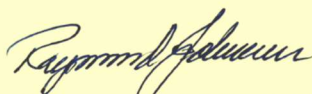

As per the art. 10.10 of the 2024 FIA CCR Sporting Regulations, all tyres used by the FIA Priority drivers entered with Group Ultimate vehicles must use tyres fitted with FIA barcodes.

These barcodes will be used to check that the same tyres remain fitted to a particular vehicle between tyre changes and that competitors are not exceeding the maximum quantities allowed.

If a tyre is also equipped with a specific permanent RFID Tag approved by the FIA (see FIA Technical List n°54) and integrated in the tyre during the production process, before moulding and before the vulcanization of the tyre itself, the data of the RFID Tag may also be used to identify this tyre.
