

MIJRS Competitor Bulletin – J1000

As you are aware, we sadly lost the Carrick-on-Suir Tarmac Sprint event scheduled for July 19th. Following the cancellation of this event, the MIJRS team have worked tirelessly with Motorsport Ireland and the MI Rallies Commission to find a suitable alternative event.

Sadly, we were not able to find such a suitable event that could be designated as an alternative for the Carrick-on-Suir Tarmac Sprint.

As a result, the MIJRS team wish to inform competitors of the following updates being made immediately to point scoring requirements for the 2025 MIJRS J1000 classifications.

- The minimum start requirement to be deemed eligible for final classification has now been set to 4 Gravel Stage Rallies and **1 Rallysprint (regardless of surface)**.
- The maximum score calculation will remain as a competitor's best 6 scores, but will now be made up of their best 4 Gravel Rally Results and **best 2 Rallysprint Results (regardless of surface)**.

The final two rounds of the 2025 MIJRS J1000 calendar are;

- Laois Gravel Rallysprint – October 18th
- Donegal Forest Rally – November 8th
