This shall apply to any car which has been not classified on the grounds of exceeding the time limit or has failed to report to a control but shall not apply where the car has been disqualified for breach of eligibility requirements, traffic infringements or by a decision of the stewards.
- For all crews which re-start a time penalty will be applied. This time penalty will be as follows: For every stage missed: 10 minutes. 19. Fuel

- Competitors may use fuel which complies with FIA Appendix J Article 252.9.

20. Competition Numbers

- Competitors will be identified by regulation size competition numbers, which **WILL** be supplied by the organisers. These numbers must be affixed to each front door and must be in position before vehicle scrutiny.

21. Emergency procedures on special stages

- Crews will be supplied with an OK / SOS Board with their competition number.
- If a crew stops, then they must prominently display the OK board and competition number to the following 10 competitors, so that other competitors do not need to stop to check they are accounted for. This includes displaying your OK board if you have stopped to change a wheel or carry out repairs.
- After the following 10 cars, the OK board should still be displayed to all crews going through the stage.
- A member of the crew must remain with the vehicle at all times.

In the event of serious injury, competitors can summon help in the following ways:

- 1) Activate the SOS function on the in-car safety tracking system.**
 - 2) Call the emergency telephone number for Rally Control, which is printed on the bottom of each page on the Road Book. This is a purely emergency 999 type number in rally control for communicating immediate medical requirements or declaring that no injuries have been sustained. This telephone number is recorded at the bottom of every page in the road book but must not be used for any other purpose.**
 - 3) Display the SOS symbol provided to other competitors.**
- Crews passing another competitor, who is displaying an OK board, should acknowledge the stopped competitor and report to the accountability marshal, who is with the finish timekeeper at the stage stop location. This accountability marshal will require the location of the stopped crew.
 - Competitors must stop at a location where an SOS board is displayed. The first crew that stops should report the incident immediately via the emergency phone to Rally Control (if it has not already been reported). In addition, the next crew to arrive must proceed to the next radio point and report the incident to the radio operator at that location. Where practicable all other crews must stop at the scene of the incident **leaving a clear route for emergency vehicles.**
 - Competitors must stop at a location where a crew has stopped and have not displayed an OK board. They must account for the crew that are stopped, to ensure they are OK before proceeding and should inform the stopped crew to display their OK board.
 - If a competitor stops to give assistance in the event of serious injury or unaccounted for crews, the Clerk of the Course may, at their discretion, adjust that competitor's penalties. However, if a competitor fails to stop in these circumstances, then the Stewards may impose a penalty, which may go as far as disqualification.
 - In the case of an emergency a Medical Intervention Team may join a special stage

at, and only at, a radio location. If this occurs, marshals wearing clearly identifiable tabards will display a red flag. On passing a red flag displayed by a marshal wearing a marshals' tabard, the driver MUST immediately and significantly reduce speed as well as being prepared to stop at any time; at no time must they overtake any safety vehicle that they encounter on the special stage route. The driver must then follow the instructions of any marshals and/or safety personnel and maintain this reduced speed until leaving the special stage. Should a driver fail to reduce speed in accordance with this rule, the Stewards may impose a penalty, which may go as far as disqualification.

- If a driver taking part in a rally is involved in an accident in which a member of the public sustains a physical injury the driver concerned must stop at the scene and follow the emergency procedures outlined above. If a competitor fails to observe this rule, the Stewards may impose on the crew responsible a penalty, which may go as far as disqualification. The laws of the country in which the event is run must also be complied with in relation to procedures at accidents.

22. Judges of Fact
