

The 2024 Sligo Pallets Irish Forest Rally Championship

The Irish Forest Rally Championship are absolutely delighted to announce that Sligo Pallets Limited have come on board for the next two seasons and remain as title sponsors for the series through to 2025. Having them on board for 2023 was an incredible development for the Championship, and we are sure the benefit of this relationship will continue to be felt positively throughout the years ahead.

Sligo Pallets owner Andrew Mullen is a passionate supporter of Irish Rallying, having become the title sponsor of the Border Tarmac Rally Championship in 2011, and this relationship remains as strong as ever as the Sligo Pallets branding will be seen on both sealed and loose surface events in 2024 and into the future.

With over two decades of experience, the team at Sligo Pallets are experts when it comes to the supply and manufacturing of pallets. The over twenty strong workforce on site pride themselves on maintaining the highest quality of stock, necessary in supplying new and used pallets to suit a range of different businesses and industries. The expertise within Sligo Pallets guarantees a 24-48 hour turnaround service, delivering pallets from their Sligo HQ all around Ireland.

Speaking at the announcement of the continued partnership at the recent Championship Awards Night, Andrew Mullen said “This is an exciting opportunity to continue being involved with a really exciting Championship, with a great calendar of events right across Ireland. The Sligo Pallets team are delighted to be involved and continue our support of the series”.

“Having been on board as Title Sponsor in 2023 which was a great opportunity to bring our brand to the fore and create a strong relationship with the Irish Forest Rally Championship, we felt that it was a great series to remain a part of for the next two years. It’s an exciting opportunity as the Championship grows to support younger talent in the sport”.

The presence of Sligo Pallets branding became easy recognisable throughout last season, and this is set to increase going into 2024 with an increase in Social Media activity around the events this year, including live interviews, highlight videos and a recently launched website for the series (www.irlforestrally.com).

The 2024 Sligo Pallets Irish Forest Rally Championship will kick off on February 18th in Castleisland, Co. Kerry with the Killarney Forest Rally, the first of six high speed loose surface events pencilled in for this season that will see events both North and South of the Border.

With the Championship events taking place amongst Forestry and off-road venues, we as a series rely heavily upon the support of Coillte, Private Landowners and Motorsport Ireland, and we are extremely grateful for their continued support and the incredibly strong working relationships forged over years that are vital in allowing our events to succeed and the sport of Gravel Rallying to flourish in this country.
