TYRE WARMING ZONES

Between the TC and Start of the special stages there have been areas selected exclusively for tyre warming before the start of the stage. These areas are identified by the Tyre Warming Zone boards shown below:

It is strictly forbidden to warm tyre outside of these zones. Also, any driving construed to tyre warming after the end of this zone will result in a report being sent to the Stewards.

Dæk Opvarmnings Zone (TWZ)

Mellem TC og Start på prøverne er der udvalgt områder udelukkende til dækopvarmning før starten af prøven. Disse områder er identificeret ved tavler som vist ovenfor.

Det er strengt forbudt at opvarme dæk udenfor disse zoner. Enhver kørsel, der opfattes som dækopvarmning udenfor zonen, vil blive rapporteret til Stewards.
