3.1 Stage-Side Equipment

There is some industrial equipment on the right side of Black Forest West, about 2.42 km into the stage. As this could pose a risk, we will be placing a warning triangle just before the corner as a reminder for the crews who may not have noted it.

2.2 Start Times

The official start times have been posted to Sportity, and are available at <https://www.rallybc.ca/results/bigwhite/2022/reseed/l1s1s1.html>
