# 1. WELCOME

Welcome to the 59. ADAC 3 Städte Rallye.

Especially with regard to the procedures at the service park, administrative checks and scrutineering, we want to go into more detail here, so that the event can run smoothly for everyone involved.

For this reason we have created the Rally Guide for you.

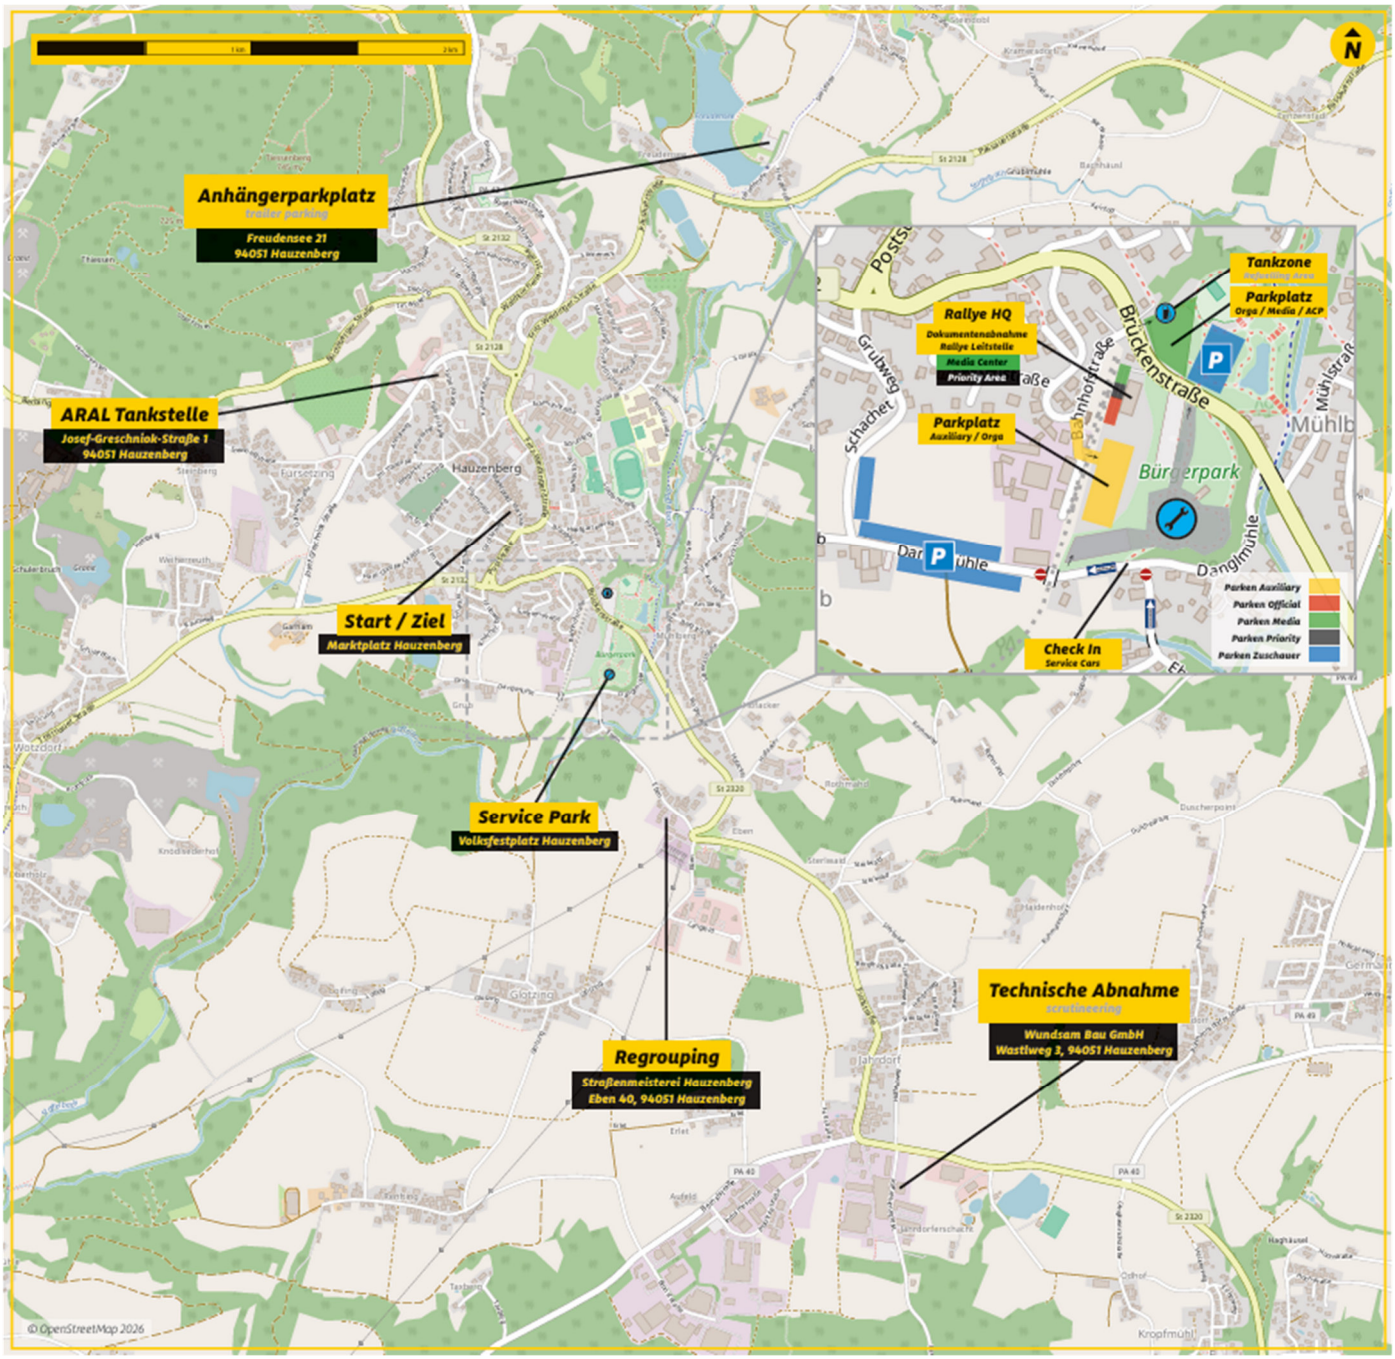

We wish you a successful and accident-free event, great duels of seconds and of course we also hope that we can offer our spectators exciting motorsport.

Yasin Özer
Event Director

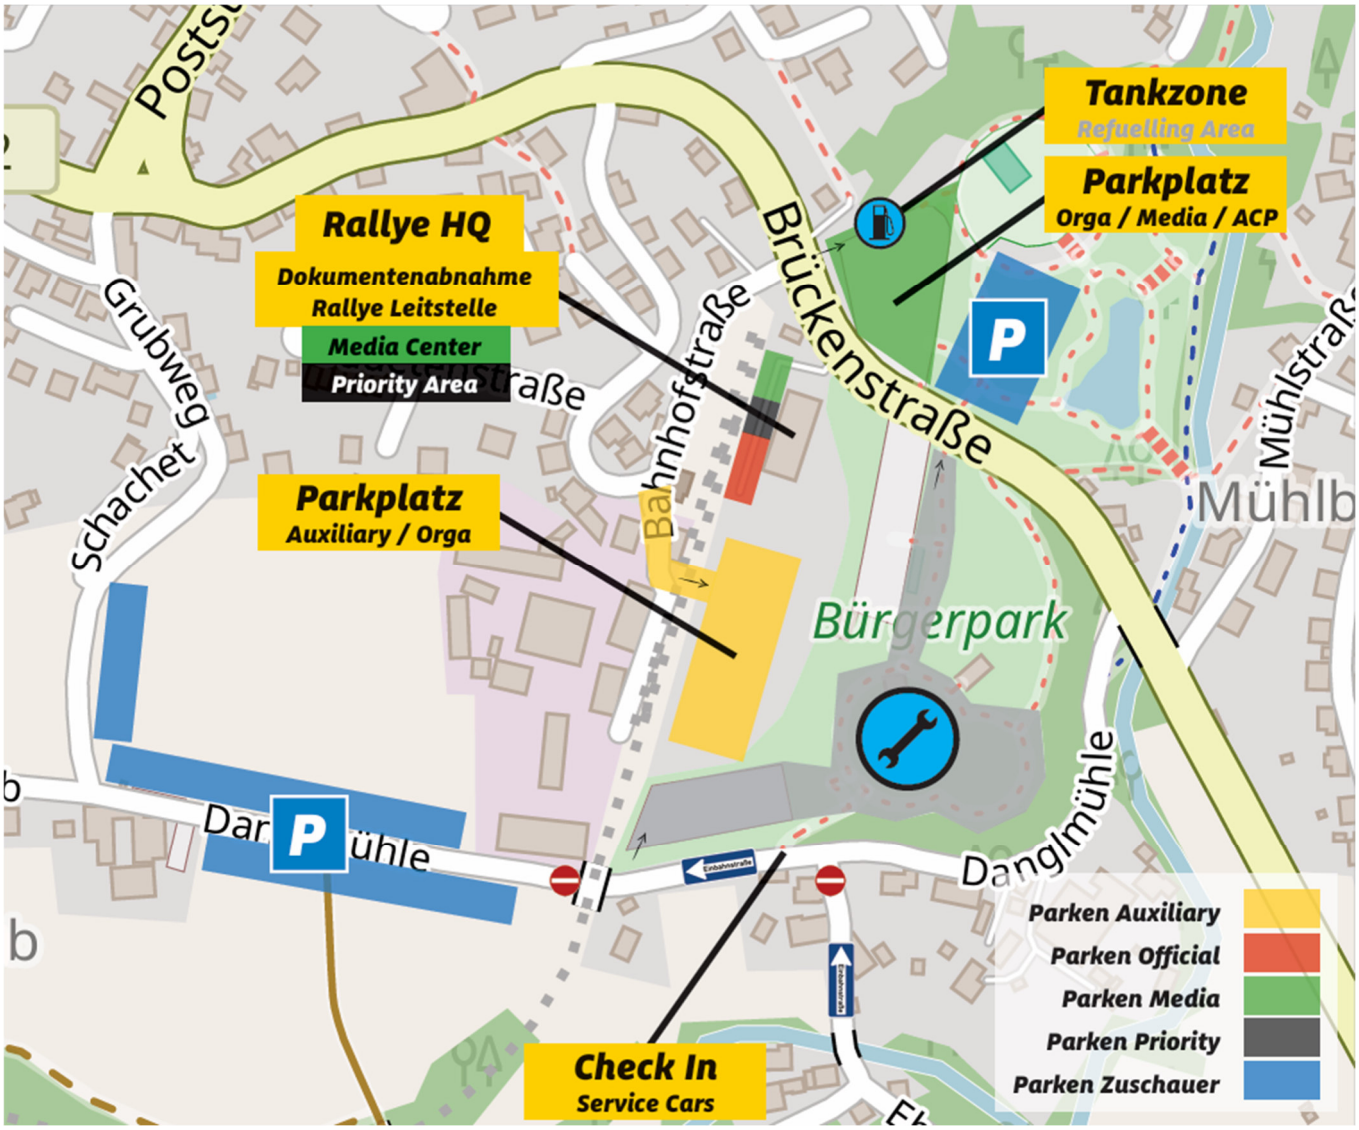

Andreas Dinzinger
Clerk of the Course

# 2. OVERVIEW MAPS

## 2.1 Rally HQ in Hauzenberg

## 2.3 Service park in Hauzenberg

# 3. MOVING-IN TO THE SERVICE PARK IN HAUZENBERG

## 3.1 Documents

Entry to the service park is only possible with the sticker "Service".

To ensure a smooth entry process, we kindly ask the service crew to have their respective team's competition number ready. The "Service" vehicle sticker will be issued upon entry to the Service Park.

The Service Park Check-In will be open on Thursday 8 October 2026 from 12:00 am.

Please note, it is not possible to enter the service area without marking!

# 4. SERVICE PARK IN HAUZENBERG

## 4.1 Address

Volksfestplatz Hauzenberg
Brückenstraße 36, 94051 Hauzenberg

The approach to move-in to the service park must be via the street: Danglmühle.
Address: Danglmühle 14, 94051 Hauzenberg

## 4.2 Vehicle sticker „Service"

Entry to the service park in Hauzenberg is only possible with the sticker "Service".

## 4.3 Temporary vehicle sticker „30 Min. Service"

During the event, there are always situations in which, for example, deliveries have to be brought to the service park. There is a special 30 Minutes entry authorization for this purpose. For a deposit of 100 EUR, this entry authorization can be obtained at the service entrance. If the vehicle leaves the service area within half an hour, this deposit will be returned, otherwise the deposit will be forfeited and the corresponding vehicle will be towed out of the service park.

## 4.4 Vehicle sticker „Auxiliary"

Entry to the service park in Hauzenberg is not permitted with the sticker "Auxiliary". As shown in 2.2, the parking area marked in yellow is available for this purpose.

## 4.5 Trailer

There will be no space for trailers inside the service park. Please park your trailer in the parking area for trailers (Freudensee 21, 94051 Hauzenberg). Please unload your competition car in the parking area for trailers to avoid problems in the service park.

## 4.6 Power supply and generators

The service park has an adequate power supply for the participating teams. For this reason, the use of personal generators is not permitted.
The use of generators in the service park is therefore **strictly prohibited**. Violations will be documented and may result in penalties imposed by the CoC or the stewards.
In addition to the environmental provisions of the Regulations and the Supplementary Regulations, as well as the currently valid DMSB Environmental Guidelines, the above requirements apply to the service park. Compliance with these requirements is an integral part of ensuring that the 59. ADAC 3 Städte Rallye is conducted in an environmentally responsible and sustainable manner.

## 4.7 Waste disposal

To protect our environment and infrastructure, and to comply with the environmental regulations of the 59. ADAC 3 Städte Rallye, we ask all participants, teams, and service crews to handle waste, operational materials, and hazardous substances responsibly.
Appropriate containers for general waste, spray cans, and various hazardous materials (including used motor oil, transmission fluid, and brake fluid) are available in the service park. Use of these disposal facilities is permitted only during the service park's opening hours:

- **Thursday:** 12:00 am – 10:00 pm
- **Freitag:** 06:00 am – 11:30 pm
- **Samstag:** 06:00 am – 12:00 pm

Disposal of waste or hazardous materials is not permitted outside of these times.
We ask all teams to use the designated disposal facilities, minimize waste as much as possible, and separate recyclables from hazardous materials. Improperly disposed-of waste, operating materials, or any contamination caused will be documented. The resulting disposal, cleanup, or restoration costs may be charged to the party responsible. In addition, event organizers and stewards reserve the right to take further action.

## 4.8 Cleanliness of the service park and bays

Please leave your assigned service park bay in a clean and orderly condition after the event has ended. All waste, materials, consumables, and other debris must be completely removed and properly disposed of. Should the area require additional cleaning or restoration, the resulting costs will be billed to the respective team. The organizer also reserves the right to collect or retain a security deposit for this purpose.

# 5. ADMINISTRATIVE CHECK – ISSUANCE OF DOCUMENTS

## 5.1 Address

ACP IT Solutions AG
Brückenstraße 34, 94051 Hauzenberg

## 5.2 Administrative Check

Time: Thursday, 8. October 2026 - 8:00 am – 10:00 am (shakedown-participants only)
Thursday, 8. October 2026 - 12:00 am – 15:00 pm

A link to register for the administrative check will be sent in a separate email after the entry confirmation has been sent. Each team is required to use this link to schedule a fixed time frame for the administrative check by 3:00 pm on October 6, 2026, at the latest.

With the submission of the entry you have already been asked to upload all necessary documents to the online portal. If these documents are already available at the organizer, the administrative check can be done very quickly.

Due to the fact that at this time the driver and co-driver are usually at the recce, the administrative check can also be carried out by a team member. For this purpose, you will also receive a document with the entry confirmation that authorizes the registered person to carry out the administrative check. In this respect, one person can also carry out the administrative check for several teams.

However, if any documents are missing, they must be presented at the administrative check.

## 5.3 RallySafe Tracking System

The RallySafe units will be handed out at the service park in Hauzenberg between 2:00 pm and 6:00 pm. The issue will be noted on a routing slip, which will be handed out at the administrative check and which will then remain with the scrutineers.

# 6. SCRUTINEERING

## 6.1 Address

Wundsam Bau GmbH
Wastlweg 3, 94051 Hauzenberg

## 6.2 General information

A link to register for the scrutineering will be sent in a separate email after the entry confirmation has been sent. Each team is required to use this link to schedule a fixed time frame for the scrutineering by 3:00 pm on October 6, 2026, at the latest.

# 7. RECONNAISSANCE

## 7.1 Recce-Timecard

A recce-timecard won't be handed over. The surveillance of the recce will be done by the tracking system.

# 8. DRIVING BEHAVIOUR

## 8.1 General information

The 59. ADAC 3 Städte Rallye is located in a touristic area. In this day and age unfortunately not every resident is at once a big fan of this event. Due to this fact we ask you for sticking to the specific rules. Especially in relation noise and speed we want to call on your rationality, so that we are able to operate in this area also in the future.

## 8.2 Speed controls by police

It can happen that the police will do speed checks in Germany and Austria.
