Regarding the Course information, please note that due to local authorizations there will be a change on the section 12B.

Section 12 of the second lap will now be the same in the first and second lap.

Updated Sections and Course map:

2. KiSS Andorra actions

In the frame the FIM Sustainability Week and the KiSS (Keep it Shiny and Sustainable) Andorra programme. The Organisation of the TrialGP of Andorra informs that at the end of the Technical Controls there will be a poster with the statements on environmental and sustainability compromise for riders to sign.

For your information those statements correspond to the 4 principals of the “Sports for Nature”* :

- Principle 1: Protect nature and avoid damage to natural habitats and species.
- Principle 2: Restore and regenerate nature wherever possible.
- Principle 3: Understand and reduce risks to nature in our supply chains.
- Principle 4: Educate and inspire positive action for nature across and beyond sport.

At the end of the Technical controls each rider will also receive a sticker as the emissions of their motorcycles will be neutrally compensated, as per agreement and bases dictated by local authorities.

3. Paddock access

As per demand of the local authorities, the Local organiser has specially requested to respect the times indicated on the Timetable for the Paddock access.

Paddock A Access Manufacturers: Friday from **07h00 to 08h00**

General Paddock B access: Friday from **09h00 to 10h00**

We kindly request you to present yourself at the Paddock opening times **and not before** as there is no waiting area and we need to avoid the collapse during rush hour.

** Sports for Nature is a joint initiative of the International Union for Conservation of Nature, International Olympic Committee, United Nations Environment Programme, Secretariat of the Convention on Biological Diversity, and Dona Bertarelli Philanthropy.*

It aims to deliver transformative action for nature across sports, by 2030 and beyond, enabling sports to champion nature and contribute to its protection and restoration. It provides a game plan for sports – at all levels – to accelerate and inspire others to take action for nature.
