REGROUP TC13A

As stipulated in Art. 12.24 of the Supplementary Regulations, teams are allowed to bring extra lights to the crews at the regroup TC13A/14. Installation can only be done by the crew, inside the regroup, using only tools carried in the rally car.

Traffic restrictions will be in place around Rally HQ from 14:30 onwards on Saturday, 8 November 2025.

If you will be bringing the extra lights by vehicle after the traffic restrictions, please use the temporary route indicated on the map in **Attachment 1**. Only vehicles with a 'Service' or 'Auxiliary' permit may pass through; however, due to limited space, please restrict this to one vehicle per team. Route under the bridge is very narrow and low, so do not plan to use high/big vans.

Significant congestion is expected that afternoon due to the large-scale road closures, so please also consider the following options:

- leave the extra lights at Rally HQ by around midday before the road closures and collect them before the regroup
- walk from the Service Park

Note: Parking on the roads around Rally HQ is strictly prohibited.
