ROUND 1 BADEN CIVIL SEQ KHANACROSS SERIES 21 FEBRUARY 2026 POST EVENT BULLETIN

Following a post-event review of the results from Round 1 of the Khanacross Series, we have identified and corrected some computing errors relating to a small number of class results. These errors understandably caused some confusion.

While we always endeavour to calculate and present awards as quickly as possible on the day, working to tight timeframes can occasionally lead to mistakes. Normally we get it right, however, this time a couple of errors slipped through. As always, all results remain provisional until final checks are completed. Those checks have now been finalised and the amended results stand as official.

Any awards affected will be corrected at our next club meeting. If you are unable to attend, the relevant trophies will be presented at the next Khanacross on March 21.

We also acknowledge that many of our competitors were young drivers, some as young as 12 years old, and their driving on the day was exceptional. It would have been wonderful to have presented every award correctly in the moment to properly recognise their efforts. For that, we sincerely apologise for the misunderstanding.

We appreciate everyone's understanding. It was a mammoth event and a fantastic success, particularly as our first round under the new Saturday format. Thank you all for your support and patience.
