

NIEUWJAARS RACE

d.d. 05-12-2025

Good afternoon all,

Following our first email announcing the New Year's Race, we are delighted to bring you a new update! 🎉

We already have received more than 30 registrations – it's great to see so much enthusiasm already! And of course, we hope to welcome even more teams and drivers in the coming period.

In this email, we would like to tell you more about the Time Schedule, Night Practice, Registrations, Garages and Licences.

1. Time Schedule

Please find in the attachment the time schedule for this event (V3). This schedule shows when the paddock is open, when registration takes place and when the briefing is held, including the locations. Of course, the schedule also shows when qualifying takes place and when the race starts.

2. Extra opportunity for testing on Friday - also Night Practice

On Friday, the DRDO will organise the event Scheuren en Keuren. From 12:45, there will be three sessions available for testing. Especially for the New Year's races, they have opened an extra time slot and driving is possible from 17:00 to 19:00 (with the track already been lighted).

12:45 – 14:45 Session 1

14:45 – 16:45 Session 2

17:00 – 19:00 Session 3

For prices and conditions, please click on this link:

3. Registrations

To everyone who would like to register for the New Year's Race. Please use this link to register.

<https://www.nieuwjaarsrace.nl/nieuwjaarsrace-2026/nieuwjaarsraces-2026>

It is important that we receive your registration because this allows us to update the participant lists and allocate the garages. These are already filling up quickly, so don't miss out on a box by registering too late.

You can also find important information on the website, such as the regulations for this event.

4. Garages

As you all know, a shared garage is included in the registration fee. However, if you arrive on Friday and want to use the garage, please note that the garage will be charged. Prices will be announced later.

5. Licences

To all drivers: it is permitted to drive with a 2025 licence. However, we advise strongly everyone to renew their licence in advance. This is particularly convenient on Friday, as the KNAF will be present at the circuit from 16:00 hour to 19:00 hour and medical examinations can also be carried out.

Within a few days, we will be announcing some exciting news about this event. So, keep an eye on our social media channels!

If you have any questions, please let me know, I am happy to help you.

Have a (simply) lovely weekend.

Best Regards,

Renata Aartsen

Event Manager V-Max Racing Management B.V.
