Please note, as everyone knows, at Zandvoort they are very strict. If there is too much noise, the programme is stopped, regardless of whether this happens during qualifying or during a race. Together we can prevent this by muting to the maximum.

21. Damages

All drivers are responsible for damage to the (race) track and other rental objects of Circuit Zandvoort during the track activity. This includes tyre stacks, tecpro barriers, asphalt, crash

barriers, electricity unit, doors, etc. Damage(s) should always be reported to the event manager or race control. Damages will be settled on site with an accident report. All drivers are also responsible for damages caused by participants/guests. This year we will ensure that the damage report is signed the same day to avoid disagreement when an invoice is sent.

22. Tyres

You can order tyres at Race Tyres – Jan Paul van Dongen: info@racetyres.nl
