

APX Suspension Manumbar Rally

Brisbane Sporting Car Club Ltd

Communique No: 1

PERMIT NO: 424/1603/01

7/03/2024

1. Important Information for All Attendees

All attendees are reminded that Saturday, the 16th of March, 2024 is the date of the 2024 Queensland Local Government Election. The organisers encourage attendees to make appropriate arrangements for a pre-poll or postal vote as and if applicable.

2. Important Information for All Competitors

A. Competitors are reminded of the applicability of Motorsport Australia's Self-Extraction Policy, and the requirement that every vehicle occupant demonstrate the ability to pass the occupant self-extraction test in compliance with this policy once every twelve months. With that in mind, competitors may expect a Scrutineer to request them to perform a self-extraction in compliance with the requirements of the Self-Extraction Policy at some time during Heat 1 of the event. This will be conducted at or near an event control of Scrutineers' choice.

B. There are many road works being conducted on liaison roads in use for the event. Competitors are reminded that, consistent with Rally Standing Regulations – Events General Article 5.1(a), where a road book instruction conflicts with a traffic regulation, the traffic regulation takes precedence.

Organisers have been advised by Queensland Police Service representatives that a police presence may be expected on liaison roads used by the event, and competitors and service crew are reminded of the operation of the Rally Standing Regulations – Events General Articles 5.1, 5.2, and 5.4(i), and of National Competition Rules 83 and 84.

The Organisers intend a zero-tolerance approach to reported breaches of relevant traffic regulations.

C. Competitors are reminded of changes to Motorsport Australia's licensing regime, and are strongly encouraged to ensure that they allow sufficient time to complete any required steps prior to the close of documentation on the 13th of March, 2024.

D. To competitors who are scrutineering at APX Suspension on Sunday 10 March, Shaun has requested that if you are trailering your rally cars to scrutineering could

you please park your tow vehicle and trailers in the Strathpine Shopping Centre and drive your rally car into APX Suspension as there is not enough parking at APX Suspension.
