General Competition Rule Changes for 2024
1/13/2024

The following changes to the ARA General Competition Rules are effective immediately and in place in the 2024 GCR book.

Section 2 Terminology Update

Driver

A person nominated as the driver of a competition vehicle in any rally. This person is assumed to be the entrant unless otherwise stated during the entry process.

Rationale: The rule books use entrant numerous times throughout. It is intended to include an option to have the entrant differentiated from driver in the future, but it is not currently within the entry system.

Inquiry Wording Update

8.3 Type of Inquiries

a) Written Inquiries

1) All written inquiries shall be submitted on grievance forms obtained from the steward or official appointed for that purpose or inquiry form posted on the notice board.

Rationale: The current inquiry process uses a form on the virtual notice board.
