### 11.8. Instalacija AI sigurnosne kamere / Installation of AI safety camera ("AISC")

U Prvenstvu Hrvatske u rallyu za 2026. godinu HAKS će koristiti AI sigurnosne kamere za poboljšanje sigurnosti aktivnih brzinskih ispita. Obavezno je nositi sustav kamera od strane posada koje imenuje HAKS. Predstavnici nominiranih posada bit će pozvani na sastanak na kojem će se objasniti i pokazati rad sustava. Ako je potrebno, sustav se može ugraditi tijekom natjecanja u bilo koji drugi automobil osim prvobitno nominiranih. U tom slučaju će se kontaktirati predstavnici tih posada i uvesti će se funkcija AISC-a. Instalacija će se obaviti na tehničkom prijemu.

In the 2026 Croatian Rally Championship, CAKF will use AI safety cameras to improve the safety of active special stages. It is mandatory for crews nominated by CAKF to have the camera system installed in the competition vehicle. Representatives of nominated crews will be invited to a meeting where the system will be explained and demonstrated. If necessary, the system can be installed during the competition in any other car than the one originally nominated. In this case, representatives of these crews will be contacted and the AISC function will be introduced. The installation will take place at scrutineering.

Nominirane posade (SB) / The nominated crews (No): **1 (Bernini), 4 (Jagić), 17 (Čerljenko)**
